Old Hands At Getting Together

Quite accustomed to swapping notes on Russian affairs are W. Averell Harriman, (right) appointed Secretary of Commerce to replace Henry Wallace, and Secretary of State James Byrnes. Here they are shown at a conference last January at the U. S. Embassy in Moscow where Harriman was envoy during the crucial years of the war.

Soviet Russia Will Get Reply

United States And Great Britain To Make Reply To Soviet Charges

By GEORGE DURNO
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Sept. 24.—The United States and Great Britain squared away today to smash at very grave Soviet Russian charges that the two major western powers are developing a situation which "is likely to endanger the maintenance of world peace and security."

Air Soviet Demand
Tentatively before the United Nations security council is a Soviet demand for a complete inventory of all Allied land, air and sea forces located in countries other than their own—excluding enemy territory.

Soviet Delegate Andrei Gromyko, temporarily presiding as president of the security council, so arranged matters that yesterday's session was almost completely devoted to an elaboration of this serious accusation—even before the Russian demand for information was voted on or off the council agenda.

Gromyko complained of the presence of American armed forces in China and Iceland; of British troops in Greece, Egypt, Iraq and India; as imminent complements to another war.

Today, Russia was due for a full-dress reply. British Delegate Sir Alexander Cadogan, U. S. Delegate

PA NEW OBSERVES

In a downtown parking lot, Pa. News observed the following sign: "No Barking." Evidently some pranksters were at work, creating the odd wording.

Except for some leveling to be done, work on the dismantling of the old K. of C. home and a smaller building adjoining it, is completed, Pa. News observes. The work has been in progress for the past six or seven weeks. Temporarily, a parking lot will be created on the site.

Great flocks of birds apparently are congregating in this area these nights for stop-overs enroute to the south. Despite the present mid-summer weather conditions the birds are apparently on the wing toward the southern climes.

Stalin Declares No Real War Danger At Present Time

By JAMES E. BROWN
(U. S. Staff Correspondent)

LONDON, Sept. 24.—(INS)—Firm belief there is no real danger of war at present but that the western allies will fail in maintaining monopoly of the atomic bomb was expressed today by Premier Generalissimo Joseph Stalin.

In reply to a series of frank and pertinent questions placed by Alexander Werth, Russian-born correspondent of the London Sunday Times, the Soviet dictator said it would be impossible for Great

London Papers Hail Interview Given By Stalin

LONDON, Sept. 24.—(INS)—London evening newspapers today devoted most of their front pages to the interview granted by Premier Generalissimo Joseph Stalin.

The Evening Standard headlined the story by saying:
"Stalin speaks—no war."
The Evening Star declared:
"Stalin's well-timed contribution to the cause of world peace... should serve as a cold douche to some fevered brow in America particularly... It is what ordinary people in every land wanted to hear, the contrast between this calm statement and the scare-mongering chatter of preventive war between America and Russia will not be lost on millions of people who are sick of conflict."

Clashes Mark Kaiser Hearing

WASHINGTON, Sept. 24.—(INS)—West Coast Industrialist Henry J. Kaiser told a house committee that "it will take many weeks" to determine how much his ship building companies had invested in plant facilities.

Kaiser told the house merchant marine committee, which is investigating profits of operators of government-owned shipyards, that he has put his west coast staff to work on the question submitted by Committee Counsel Marvin Coles. He said:

"It will take many weeks to get the information. I will furnish it to the committee."
The opening of today's hearing was marked by angry clashes. At one point Rep. Bland (D) Va., chairman, hammered with his gavel and abruptly ordered Kaiser, who leaped to his feet, to be seated please.

The committee chairman refused to allow Kaiser to put in the record a prepared statement that the witness said answered questions asked by Coles yesterday.

Miners' Journal Discusses Ouster Of Sec. Wallace

WASHINGTON, Sept. 24.—(INS)—John L. Lewis United Mine Workers Journal declared today that Henry Wallace's "go-easy policy" with Russia would enable the Soviet Union to increase its geographical control of the world under a dictatorship more brutal and despotic than ever prevailed during the days of czar rule.

In an editorial, the publication asserted that "history is replete with the adventures of evangelism and failures of individuals engaging in world-wide political peace promotion, and we think that Wallace would repeat if he were entrusted with such a responsibility."

The UMW Journal urged President Truman, now that Wallace has been dismissed as secretary of commerce, "to use a fine tooth comb and weed out from all government departments the propagandizing is-mites and ideologues who attempt to travel both left and right at one and the same time."

The editorial said Wallace in 1940 was "the negative selection" of the Democratic party for the vice presidency.

Burial Rites For Plane Disaster Victims Today

GANDER, Newfoundland, Sept. 24.—(INS)—Burial rites for 26 persons who died last Wednesday in the crash of a Belgian trans-Atlantic airliner were scheduled for today at the scene of the accident, an isolated spot in the densely forested, rocky Newfoundland wilderness 22 miles from Gander.

Only six of the bodies were definitely identified. The remainder were so badly burned that identification was impossible.

The six identified victims will be buried in separate graves, to be marked by crosses made in Gander and flown to the scene of the crash. The 20 unidentified victims will be placed in a common grave, this too to be marked with crosses and with the star of David for those of Jewish faith.

Plans are for the senior man present at the scene to read the committal ritual as the bodies are lowered into the graves.

Unique Service
Tomorrow a unique funeral service will be held from the air above the wilderness graveyard. Clergymen representing the three major faiths—Protestant, Catholic and Jewish—will hold the rites in an airplane circling the spot where the 26 died and are buried.

Eighteen survivors of the crash, meanwhile, are under treatment in Gander hospital, three of them still on the critical list.

Gen. Clark's Visit To Conneautville Has Been Delayed

Noted General Hopes To Get To Town Of Boyhood Days Later This Week

CONNEAUTVILLE, Pa. Sept. 24.—(INS)—Gen. Mark W. Clark, in Pittsburgh for a Masons' convention, doesn't know what he is missing by being unable to visit Conneautville today as he had planned.

Gen. Clark, who in his boyhood spent his summers in this small Crawford county town, is disappointed in his residents in general and an old friend in particular.

Mrs. Sarah Doty, a second cousin to Clark, said she "would just love to cook a meal for Wayne" when she heard he was going to visit his boyhood haunts.

She scoured the butcher shops and finally even got some meat.

The woman, in her sixties, had her meal all planned. It included meatloaf, potato salad, deviled eggs, homemade apple pie and cheese and some of her own special preserves "just the way Wayne likes them."

The town had planned an impromptu celebration for its famous son. Even the school kids were to get the day off.

Now, however, according to Andrew Frazier of Erie, another cousin of Clark's, the general hopes to get here later this week.

So Conneautville and Mrs. Doty are hopefully postponing their celebration until the general arrives.

Banquet Honoring Gen. Mark Clark Goes As Scheduled

PITTSBURGH, Sept. 24.—(INS)—The banquet honoring General Mark W. Clark in a Pittsburgh hotel tonight will go on as scheduled—illuminated with kerosene lamps and candles.

Pittsburgh's "one-man army" Commando Kelly—on whom Gen. Clark conferred the congressional medal of honor, will be the guest of honor.

The banquet was planned by Pittsburgh residents of Italian origin to honor the famed commander of the fifth army in the battle for Italy.

THREE BURGLARS IN SOVIET RUSSIA ORDERED EXECUTED

MOSCOW, Sept. 24.—(INS)—They don't kid around with burglars in Russia.

In Moscow City court today, three burglars were sentenced to be shot to death after they were convicted of being ringleaders of an armed gang which raided private apartments to the tune of 800,000 roubles.

Slain In Library

Only clue to the brutal murder of Emily Abernathy, 30-year-old librarian of Bryan, O., was a man's footprint in blood, according to police. The girl's body was found in the basement of the library, badly beaten and punctured by 24 stab wounds. She originally came from Pulaski, Tenn.

Coroner Nugent Has Formal Inquiry Into Cause Of Death Of Mrs. Aletha Davis

ALDERMAN BRICE ALSO HAS HEARING

At a joint coroner's inquest and hearing held by Dr. T. F. Nugent, county coroner, and Alderman James C. Brice, growing out of the death of Mrs. Aletha B. Davis of R. D. 1, Prospect, on September 10, 1946, the coroner's jury brought in a verdict that the collision which resulted in Mrs. Davis being fatally injured was due to the failure of Calvin W. Gibb, driver of one of the cars involved in the collision, to observe the stop sign at the intersection of Routes 19 and 108 at Harlansburg.

Alderman Brice, in whose office the joint hearing and inquest were held, has reserved his decision on the charge of involuntary manslaughter, preferred by State Patrolman William C. O'Brien, until a later date.

Double Slaying Termed Homicide In Meadville, Pa.

MEADVILLE, Pa. Sept. 24.—(INS)—Crawford County Coroner Dr. Luther J. King, today issued a verdict of homicide in the shooting of Luigi Dividio, 32, and his wife Rose, 40, parents of eight children in Meadville.

King said Dividio shot his wife and then turned the gun on himself in what appeared to be an unprovoked attack.

He added, however, that ill health might have been a motive in the shootings.

Meadville Police Chief E. C. Gibson, said unfounded jealousy may have been a factor. He said the family told him that Dividio, a railroad laborer, had been acting strangely recently.

Flying Post Office Will "Take To Air"

By LEE VAN ATTA
(U. S. Staff Correspondent)

WASHINGTON, Sept. 24.—America's first "flying post office" will take to the air tomorrow.

Commemorating the inauguration of five-cent air mail throughout the United States and its possessions, the giant postal unit on wings will fly to Chicago to carry the first air-distributed load of letters.

En route, the craft will pause in Dayton, Ohio, to distribute official mail to a formal greeting party while on its return trip, the four-engine post-office will stop over in Pittsburgh and New York City.

Kaiser Reports Company Had Large Net Loss

WASHINGTON, Sept. 24.—(INS)—Shipbuilder Henry J. Kaiser told a house committee today that Kaiser Co., Inc., has paid no income taxes since it had a net loss in every year of operation.

The industrialist reported to the house merchant marine committee that wartime profits of operators of government-owned shipyards that the overall operation of Kaiser Co., shows a net loss of 18 million dollars to losses in his Fontana steel plant.

Kaiser's remarks were made in answer to a list of questions asked by committee counsel about his Kaiser Co., Permanent Metals Corp., Oregon, shipbuilding and other Kaiser enterprises.

The shipbuilder said that Kaiser-managed shipyards built the majority of their government-owned facilities with their own forces at no fee. Appearing before the committee for the second day, he added:

"The record will substantiate and prove without question that since we were paid no fees for building facilities there can be no question whatsoever concerning excessive or unreasonable profits on the construction of these facilities."

New Kensington Schools Closed By Polio Deaths

NEW KENSINGTON, Pa. Sept. 24.—(INS)—New Kensington schools were closed today until October 1 because of three deaths in the past month among four cases of infantile paralysis, according to E. T. Chapman, school superintendent.

The school board decided to close Ken High school, a junior high school eight elementary schools and a trade school at a special meeting last night. Approximately 2,000 students were affected.

Chapman reported that a high school student, a grade school pupil and a child of pre-school age have died of polio during the last month.

Denies Injunction On Crowing Rooster

ELIZABETH, N. J., Sept. 24.—(INS)—Vice-Chancellor Alfred A. Stein today disclosed he had denied a temporary injunction to restrain a cock rooster from crowing because he "didn't think the rooster would obey it."

Attorney Chester K. Lingham asked for the injunction on behalf of Mr. and Mrs. Henry F. Wachsmuth who claimed that a rooster belonging to their neighbors, Mr. and Mrs. Walter Bunnell, kept them awake with his crowing.

The court said it didn't know how the fowl could be silenced without recourse to drastic action.

Pittsburgh In State Of Coma

Power Strike Brings Many Activities Of Metropolitan Area To Shutdown

HOSPITALS ARE MOST AFFECTED

By JACK WARD
(U. S. Staff Correspondent)

PITTSBURGH, Sept. 24.—Pittsburgh was in a state of coma today.

This great industrial center virtually closed down when electric current, the city's lifeblood, ceased to flow through the veins of its transmission lines this morning.

Only feeble signs of industrial life were apparent as emergency power units produced a trickle of current.

More than 3,000 large-scale industries and commercial enterprises were either completely shutdown or operating on a curtailed basis.

Steel mills ceased sheet rolling operations for lack of power and transportation of workers.

Trolleys were hauled off the streets shortly before 3:50 members of the Duquesne Light company's independent union walked off the job. The trolleys furnish 70 per cent of the city's transportation.

Most business offices were closed because workers couldn't get to work. What few buildings were open were without elevator service. The city streets were dark can-

Strike Fails To Close Schools

PITTSBURGH, Sept. 24.—(INS)—From the thunder of denunciations of Pittsburgh's power strike, there arose today an insistent squealing from the city's school kids.

Public and parochial schools remained open, power or not, "because the kids are better off in school," according to one official.

County School Superintendent W. W. Lantz declared that the schools will remain open until the effect of the power strike can be determined.

However, there were expected to be plenty of absences. Lantz said "Any student unable to reach school will be excused."

That's where the kids saw their way out.

Power Company Employees Strike In Pittsburgh

Industry And Business In Metropolitan Area Being Forced To Halt

POWER GRADUALLY WILL DECREASE (BULLETIN)

PITTSBURGH, Sept. 24.—(INS)—Nearly two million residents in the Pittsburgh metropolitan area were on "rationed" electricity today as 3500 Duquesne Light Company employees walked off the job and left the huge dynamos to die.

Industry in Pittsburgh—the 10th ranking city in the nation—came to a virtual halt. Some steel mills, fabricating plants, big retail stores and offices were closed. Restaurant operators feared a complete shutdown for a lack of refrigeration.

Partial Power Supply
However, a partial supply of power was assured the city for at least 12 hours. Duquesne Light Company officials pointed out it takes at least that long for the furnaces that operate the dynamos to die out.

The average Pittsburgher lived in fear of what will happen if the strike continues and the dynamos grind to a halt.

Light company officials said that residents in 817 square miles in Allegheny and Beaver counties are affected by the power walkout.

Union President George Mueller said the power house switches were pulled as a safety measure to company property.

He said that the power house switches were pulled to protect the giant plant machinery which was still running—but slowly dying—against damage. Switches that were pulled controlled plant operation only, he explained, not the transmission of power to consumers.

Power To Grow Less
As the dynamos slow down to a halt, power will become proportionally less. It was pointed out, and the city will be virtually "powerless" within 12 hours.

The power strike began crippling Pittsburgh business and industry within a few minutes after it was called.

Several large industrial plants were forced to close down entirely. So were department stores. Hotel and office buildings were open but service was limited.

About 1500 employees of the Carnegie-Illinois Steel Corporation and about 2500 workers at the American Bridge Company at Ambridge, Pa., were sent home because of the power shortage.

Saloon Keeper Is Shooting Victim

Holdup Men Accost Pittsburgh Man In Front Of Home, Shot Three Times

PITTSBURGH, Sept. 24.—(INS)—Matthew Barone, 41, a Pittsburgh saloon keeper, today was shot three times during a gun battle with holdup men in front of his home, police reported.

Barone was in St. Joseph's hospital with bullet wounds in the legs and hip.

Police said the victim told them he was returning home when two men pulled up in an automobile and attempted to rob him. Barone said he pulled his own pistol and fired five shots after which he was wounded by the bandits' return fire.

Barone, police records show, was robbed of \$700 by two men in front of his home last December.

There's a gleam, there's a sparkle in her eye; her step is light, her carriage debonair; she looks to be completely at her ease and bade goodbye to worry and to care. Her smile is one of friendliness and cheer, most any time I rather think she'll sing; the reason is quite plain for all to see, upon her left third finger there's a ring. A stunning looking trinket, I agree, and one that means a lot to her, I'd say; it won't be long until she has one more, the weather's bright and seventy-two today.

28th Division Proud Of Record Through Years

Pennsylvania National Guard Has Participated In Every One Of Nation's Wars

New Castle's new 229th Field Artillery Battalion units are proud of the 28th Division's battle record. Battle streamers indicating participation in every war in which the United States has fought, are borne by the organization, including the War of the Revolution, War of 1812, Mexican, Civil, Spanish American, Philippine Insurrection, World War One, and World War Two.

The Division Artillery, now under command of Brig. General B. G. Wallace, has many thrilling chapters in its history. Batteries of the 109th P. A., from Pittsburgh, served throughout the Civil War. The 109th, the "Battalion with the big guns," dates back to 1840, when the unit first used the name, "National Guard," an adaptation of Napoleon's Garde Nationale.

The 109th P. A. had three units supporting General Washington's Continental Army.

The 229th Field Artillery which had a proud record during the last war, was activated at Camp Livingston, La., in February, 1943 and served with distinction as part of the 112th Combat Team.

In September, 1944, while the 28th Division was in combat, the division selected the slogan, "28th, Roll On."

Now, states Lt. Col. George F. Mitchell, the time has come for a little recognition for the 229th P. A. and Headquarters and Service Battery, are preparing for this Federal Recognition event. Local ex-service men can help this cause along by re-enlisting with the grade they had on discharge, and thus help build up a strong unit here, enabling the 229th to help the "28th Roll On."

tion in the southeast corner off the intersection and because of a number of cars parked about the place. When he was about 30 feet from the intersection, he said he saw a car approaching at a high rate of speed, and realizing that the driver was not going to stop, he turned his car to the left to try and avoid a collision. His car was hit, and driven up into the island in the northwest corner, the two cars being locked together at their rear ends. His wife, who had been thrown out of the car by the impact, was wedged between them. He said he lifted the Gibb car off and his wife dropped down between them. Then help was summoned from the service station and Mrs. Gibb was taken to the Jameson Memorial hospital in an ambulance. This was on September 10, about 9:30 a.m. Mrs. Davis died in the hospital at 5 p.m. that same day.

"Not Traveling Fast"

Mr. Gibb, who resides in Barnsdall, Okla., stated that he was traveling west on Route 108, and became confused due to the fact that a road turns off 108 to the south, and one to the north, just before the intersection was reached. He said he was not traveling at a high rate of speed, but failed to see the stop sign until he was on top of it, and it was too late to stop. He said the sign is placed only about seven feet from the intersection.

Mrs. Gladys Adkins and Mrs. Viola McCall, passengers in the Gibb car, told the same story, namely that Mr. Gibb was not traveling fast, and that he had slowed down coming down the hill toward the intersection.

State Patrolmen William S. O'Brien and Kenneth Bouse, of the local sub-station, told of being called to the scene and of investigating the wreck. They showed pictures of the intersection and the condition of the cars, following the collision.

The jury which heard the evidence was composed of Charles E. Patterson, J. H. Richardson, C. A. Douglas, Henry Robinson, Clark H. Buell and Charles E. Allen.

POWER COMPANY EMPLOYEES STRIKE IN PITTSBURGH

wheel and axle division at McKees Rocks, the rolling mill operations at the Irwin Works the finishing works at McKeesport and the Duquesne Electric Furnaces.

Big Buildings Affected
The Frick, Carnegie and Grant buildings, the latter housing one of the nation's largest radio stations, were the first affected by the power curtailment. The radio station operated with its own power generator.

The huge Koppers building and scores of others were down. Gimbels, Bros. and Kaufmann's and other large retail stores closed.

No disorder was reported as the union members left the plants. No picket lines were thrown around the power stations, immediately.

At the city-county building deputy sheriffs barred rank-and-file members from reaching the seventh floor hearing room. Only committee members were permitted to enter the elevators.

Police reported that the streets and corridors of the twin buildings were jammed. Scores of police mingled with the crowd to preserve order.

Earlier 150 metermen failed to enter the Duquesne Light Company's downtown office building.

As the employees walked off the job the AFL and CIO got together for the heated anti-strike injunction hearing fight to preserve their own unions.

Last Peace Moves Falt
The strike was set to coincide with the temporary injunction hearing before a three judge court. Mueller requested all union members to attend the hearing after switches have been snapped.

City and county officials met in an eleven hour session last night with Leo T. Crowley, chairman of the Standard Gas and Electric Company, parent firm of the Duquesne Light Company, in an effort to work out a plan to avert the strike.

Mueller balked at negotiations, arbitration and settlement of the strike. Crowley told International News Service. He quoted Mueller as saying that the injunction was the paramount issue and he could not consider settlement until disposition of the injunction is made.

Mayor Makes Appeal
When the last minute appeal to the union failed Mayor David L. Lawrence took to a five-station radio hookup and appealed to residents and industry to conserve what little power will be available for the sick and aged.

He described Mueller's strike order as a rash and reckless act in defiance of the courts. He said: "The union president did not tell the workers the truth. He did not tell them he had agreed to arbitrate. The strike can not succeed."

Earlier, spokesmen for nearly 400,000 AFL and CIO workers said they would accept the three judges who will hear the dynamite-packed court injunction to dissolve the restrainer against the independent union, which was issued at a midnight court session 14 days ago.

Officials of the union said they were not taking sides in the light company controversy but were acting only to protect their own unions.

West Pittsburg Firemen Save Auto

West Pittsburg firemen answered a call to the Hervatine home, on the lower road near the bridge over the Beaver river, Route 188, Saturday night at 11:30 o'clock, when fire was discovered in Mr. Hervatine's auto.

A large number of firemen responded. Chief A. McVickers states, and they had the blaze under control in about five minutes, although the interior of the car was badly damaged, and the garage scorched.

The department is gradually rounding into a competent organization, but still needs the cooperation of every citizen to make it a top-notch organization, McVickers states.

"The difference between you and other people, some one said, is that their money looks bigger and their troubles smaller."

The state department is negotiating a new lease with his majesty's government, while international relations are good, since Regent park is crown property.

The new envoy probably will be obliged to maintain the estate but officials were unable to estimate how much this might eat into his \$22,000 yearly allowance.

Possible Appointees
The following were all reported in Washington speculation as being possible contenders for the job.

Supreme Court Justice Robert Jackson, Mrs. Eleanor Roosevelt, Edward R. Stettinius, Jr., Sen. Robert LaFollette, Assistant Secretary of State Spruille Braden, John G. Winant, United States delegate to the United Nations social and economic council, and Gen. Mark Clark.

QUESTION

A few years ago, the finest young men of our country were called to arms to leave our soil, fight and give up their lives, because certain people were oppressing other people.

We did a good job. When the war was over, we couldn't stand to see those same people, whom we went over to fight, suffer. We do without things in order to help them. This was done by the use of millions of men.

Now, a mere handful of men, are causing all kinds of suffering, even unto death, not across the seas, but to our next door neighbors.

Where are the powers that did such a wonderful job to protect people we did not know? Did our people fight for freedom?

SOVIET RUSSIA WILL GET REPLY

(Continued from Page One)

Herschel V. Johnson, Australian Delegate Paul Hasluck and Netherlands Foreign Minister Beelo Van Kieffers raised the curtain on this answer slightly at the start of the debate.

Soviet Russia and her satellites, they said, were deliberately setting a course to undermine the prestige of the security council, and with it wreck the entire United Nation set-up.

This afternoon, the western powers were prepared to thunder to the world through their respective spokesmen that Russia is using the security council for a sounding board from which to spread Communist propaganda.

It will be stated that the armed-force nose count Russia is seeking already is a matter of public record. It will be stated that Russian military and naval observers have had free access to all of the territories in question, and that Moscow already had the information so formally requested through the security council.

RED CROSS HEAD TO WED IN OCTOBER

Mr. and Mrs. James D. Breslin, of New York City, announce the coming marriage of their sister, Miss Elizabeth Breslin, executive secretary of the Lawrence county chapter, American Red Cross, to Joseph S. Gillespie, son of Mr. and Mrs. S. M. Gillespie of Wilkes-Barre, on Saturday, October 19.

The ceremony will be at 10 o'clock in the morning in the Church of Our Lady of the Lake at Pocono Pines.

Miss Breslin has been head of the local chapter house since April, 1943. Her fiancé, now discharged, served as a captain with the Allied Army Commission under General Mark Clark in Africa, Italy and Austria.

FALL RAINBOW DANCE SATURDAY

Members of the Rainbow Order for Girls are looking forward to Saturday evening with great expectancy, the occasion being the annual fall dance, which will take place at Rainbow Terrace, Cascoe park, dancing being in vogue from 9 to 12 o'clock. Mrs. George D. Reid announces.

This will be in the form of a Harvest Moon dance, and the arrangements will be centered on that theme. A large attendance is looked for from the younger group of the city and surrounding district.

Miss Marie Olson, worthy advisor, has appointed the following committee to assist Mrs. Reid and the advisory board with the arrangements: Misses Shirley McGuire, Donna Orr, Patty Mack, Marilyn Wagner, Mary Alice Falls and Connie Peck.

This is an invitational affair, and the members of the advisory board will serve as chaperons.

JOYCE FORSBERG ENGAGED TO WED

Mr. and Mrs. Ernest Forsberg, of Katherine street, announce the engagement of their daughter, Joyce Emmeline Forsberg, to Robert I. Schaeffer, son of Rev. and Mrs. James F. Schaeffer, of Distant.

No date has been set for the wedding.

WEDDING AT FIRST METHODIST CHURCH

Miss Miriam Heckart, daughter of Mrs. Walter Kerr, of McClelland avenue, became the bride of John E. Montgomery, grandson of Mr. and Mrs. Frank Smith, of New Castle, R. D. 1, at an impressive ceremony, performed Monday morning at 11:30 o'clock in the First Methodist church.

Dr. Burr R. McKnight, using the single ring service, officiated in the presence of the immediate families. Miss Heckart, attractive in a gray woolen dress, trimmed in sequins, with matching half-hat and gloves and black slippers, was given in marriage by her brother, George Heckart. She wore an orchid shoulder corsage.

She was attended by her sister, Mrs. Michael Bowden, who was attired in a brown crepe dress with brown accessories. She wore a contrasting shoulder corsage of gladiolus. Howard Fullwood, uncle of the groom, served as best man.

Appropriate nuptial music was played by Edwin Lewis, organist, preceding the ceremony. During the exchange of vows organ music was softly resounded.

Immediately after the wedding, the young couple left by motor for a honeymoon to New York City.

Upon their return, they will reside temporarily with the bride's parents. Mrs. Montgomery, a graduate of Union high school, is employed at the Lawrence Savings and Trust company.

Mr. Montgomery, a graduate of Shenango township high school, is affiliated with the National Tube company at Ellwood City. He was attached for 42 months to the U. S. army, being a technical sergeant and having served for 20 months in the European Theater.

Invitations have been issued by Mr. and Mrs. Walter Kerr for a reception in honor of the young couple in the coral room of the Castleton Saturday evening.

Degree Of Honor
Executive board of the Degree of Honor will meet Wednesday evening at the home of Mrs. Tip Earls, 920 North Cedar street, with Mrs. Robert Drumheller as co-hostess.

COUNTY ART GROUP OPENS WITH DINNER

Members of the Lawrence County Art Association opened their fall season with a guest night dinner Monday at a tearoom on Highland avenue followed by a program on "Photography" with Melvin P. Moorhouse as speaker.

Dinner was served at 6:15 at a table where covers were laid for 28. Mrs. Jerry Crangi was chairman of dinner arrangements.

Mr. Moorhouse's talk on "Good Composition in Photography" was one of practical interest both to beginning camera enthusiasts and to more advanced students of photography. For he said, photography is a medium for permanency as are music, painting, poetry, and all the arts.

Unity, just one impression to a photograph is the one characteristic that distinguishes an effective picture, he told the group. And it is achieved by elimination of unimportant background details in addition to the arrangement of the composition itself with a center of interest.

He explained the helpful "rule of three" for locating the four key spots in a photograph. As a rule of thumb, one of these may be the primary point of interest, the others secondary points of interest, he explained.

Mr. Moorhouse was introduced by Miss Helen C. Clarke, program chairman. At the conclusion of his talk he showed some of his own photographs as illustration and invited questions from the audience.

Miss Elsie Wasko presided over a short business meeting during which the group decided on October 19 as the date for a field trip to Wendell August forge in Grove City.

NEWLYWEDS LEAVE AFTER VISIT HERE

Following a week's honeymoon visit at the home of Mr. and Mrs. Ivan Taylor in Princeton, Mr. and Mrs. Eugene Gallagher, newlyweds of September 15, have left for Peru, Ind., where they will take up residence at 1226 Peoria street.

Mr. Gallagher is the former Irma Grant, daughter of Mr. and Mrs. A. W. Grant of Tonica, Ill., and Mr. Gallagher is the son of Mr. and Mrs. Smith Gallagher of Spring Valley, Ill.

The groom's father is a native of Princeton where the young couple visited friends and relatives during their stay.

Their wedding was solemnized in the First Methodist church of Tonica on September 15 at a largely attended ceremony supplemented by a reception for more than 100 guests at the home of the bride's parents.

L. D. K. Mission Society

Members of the L. D. K. Mission Society of the Third U. P. church, met on Monday evening, in the home of Mrs. Dorothy Craig, Huron avenue, for their regular meeting, with Mrs. Elizabeth Maxwell as co-hostess.

Mrs. Horace Allen was in charge of the prayer cycle, with Miss Esther Kline leading devotions. The evening program was directed by Miss Alma Lutz.

A farewell gift was presented to Mrs. C. R. Thayer, wife of the former church pastor.

The October meeting will be at the home of Mrs. Lloyd Gill, East Washington street, with Mrs. Horace Allen as co-hostess.

At the conclusion of Tuesday evening's meeting, the hostess, assisted by Mrs. B. H. Craig, served delicious refreshments.

Leave For Illinois

Mr. and Mrs. Grover Huffaker, after a visit at the home of Mr. and Mrs. Ivan Taylor, Princeton, have returned home to West Brooklyn, Ill.

They were accompanied by Mrs. Frank Brachle, of Princeton, Mrs. Phoebe Shaffer, of the Ellwood road, and Mr. and Mrs. E. C. Bowden, of Butler avenue, this city.

WASHINGTON CALLING by MARQUIS CHILDS

Modern Air Age Seems Incredible

Mr. Childs has flown to Scandinavia to study at first hand how the small countries of northern Europe are reacting to current international trends and problems—with particular reference to the conflict between Russia and the West. Following is the first of a series of columns from Europe.

STOCKHOLM—Ships in New York harbor may or may not be strike-bound, but each day half a dozen airplanes take off for European ports from La Guardia field. This wave of advancing technology is rapidly becoming an important factor in the travel field, with an estimated half million passengers leaving United States airports for foreign countries in the first six months of this year.

We left La Guardia on the inaugural transatlantic flight of the Scandinavian Airlines system. A little less than 24 hours later, we came down in Copenhagen in the midst of rain and fog. An hour and a half later we were in Oslo. Then the final stop was Stockholm.

A short time ago this would have been accounted a miracle. It is less than two decades since Lindbergh thrilled the world with his flight across the Atlantic. Yet today it is routine.

Three American airlines and five foreign airlines operate to European ports out of La Guardia field. The pioneer Pan American operates 10 flights. American Overseas 12. TWA nine. The foreign lines are Air France, British Overseas Airways, KLM, the Dutch line, Sabena, a Belgian line and now the Scandinavian system.

Only the Beginning
In addition to the flights to Europe, are daily schedules to Latin America and the Pacific. There are 240 weekly flights to all points in Latin America exclusive of Mexico. Pan American flies seven times weekly to Honolulu and three times to New Zealand.

Not only are these figures impressive in the first year after the war, but it is perfectly clear that they will increase rapidly. As of August 1, there were 142 planes in foreign service. Certificates have been granted to six other companies not yet operating to foreign ports. The growth has been so rapid that the system of ports is hardly geared to care for it, with incoming and outgoing passengers milling about, and customs inspection requiring far longer than it should.

The Rush to Catch Up
Out on the bleak brown wastes of Newfoundland is the Gander air base. Here, too, overcrowding is painful and the limitations on present facilities apparent. Great planes from Europe and the U. S. are lined up along the airport as passengers get a hurried rest and a snack in what was once the barracks for army air forces crews flying the North Atlantic. New and adequate quarters for passengers in transit are being built in preparation.

In transit? In many a fairly long time. An old friend encountered at Gander said he had been there for two and a half days. He had been playing bridge with fellow passengers in the crowded waiting room, with travelers of every nationality passing through—including children who race through the corridors restless at the prolonged restraint in crowded quarters.

"But you five bucks you are stuck here at least 12 hours," said my friend.

Ten minutes later, our plane takes off in the gathering dusk and fog. Very quickly it is above the overcast. On the fair horizon is the curtain of the Aurora Borealis which seems to hang poised in blackness, with yellow green waves that rise and fall like the waves of the sea.

One Speck in Vast Universe
We in the plane, with its throbbing motors, have the sense of being a tiny speck in the vast universe. It is again a curious commentary on our complex civilization to be served an excellent three-course dinner by pretty stewardesses as the plane courses through the infinity of the northern flight.

As often as it may happen, sunrise on the eastern horizon will always seem a bit of magic produced by the efficient crew in the pilot's cabin. There is the rocky coast of Scotland, with a white fringe of sea hemming it around. Prestwick airbase, where hundreds of thousands of American flyers and soldiers passed in and out in the war years, is now a rather staid, quiet port for ships of peace to come and go. In a few hours, Scandinavia is seen between breaks in clouds that for so many weeks have plagued this part of the world with incessant rain.

With the end of the flight, there is a curious distortion of the sense of time. It hardly seems possible that we left New York in the midst of a belated heat wave little more than 24 hours before. As we constantly assure ourselves, we are in the midst of the air age.

Yet having been earthbound creatures for so long, we cannot bring ourselves to believe it.

Words Of Wisdom
Proportion and propriety are among the best secrets of domestic wisdom; and there is no surer test of integrity than a well-proportioned expenditure. — Hannah More.

One Man's Opinion

The government has just convicted a grocery chain for price fixing. I think OPA is next.

If John Hartford goes to jail for price fixing a few hundred items what hope is there for Paul Porter?

Things are slowly getting back to normal when the Department of Justice can look into cases of people selling under ceiling prices.

But these times will never be right until A. F. Whitney's dream of a presidential ticket of Pepper and Wallace comes true. That will be the day!

Pepper and Wallace... and Whitney for secretary of labor. Ya Hoo... hang on boys we're all going for a ride.

LOOKING AT LIFE

By ERICH BRANDEIS

As you probably know if you have read my column any length of time, I like to take issue with the learned scientists who give us lengthy manifestos on all sorts of problems with a definiteness that challenges contradiction.

I have never been able to admit that everything that can be proven with slide-rule and formula, with code book and microscope, with so-called facts and figures, is necessarily so.

No matter what the rule, no matter how definitely science proves something—a few days or a few years, or a few centuries later something comes along and completely upsets the very thing that had been proven beyond the scintilla of a doubt by the great scientists of their time.

The trouble is you see that science rarely takes into consideration the human element.

Science will never concede that some mischievous little boy can come along and upset a whole cartful of scientific apples.

Now to Dr. D. O. Hebb of Philadelphia, a noted "primate biologist" who says:

"The chimpanzee is very like man, though not in his intelligence. The problem-solving ability of the chimpanzee is that of an imbecile, perhaps of a child who can't talk yet."

Tight here I take issue with the scientist.

In my opinion the chimpanzee has solved all his problems much more intelligently than man, and so has the child who can't talk yet.

Who ever heard of chimpanzees going to war because they want to rule the world?

When have chimpanzees ever shown racial or religious intolerance?

What chimpanzee you know ever gambled their day away on the races or been suckers for worthless mining stocks?

Thursday evening of this week... that will be September 26th... at seven-thirty (7:30) in Council Chambers of the City Building a very important meeting will be held. All those citizens that are already members of the group are urged to attend... and a very cordial invitation is extended to those who wish to learn more about the organization before signing up as a supporting member. All members of the Board of Directors are especially notified of the meeting... It won't be a long drawn out meeting... so it won't keep you away from your homes far too long a session...

Everyone is busy this time of year... so many things going on... so many meetings and a chap needs to visit with his friends... BUT if we the people don't act and do it now, a communistic form of government will control our actions that freedom of visiting will be something that our children will know nothing about. It takes an organization of straight thinking citizens to combat a strong organized movement that today is working continuously to tear down our present form of government.

We don't intend to be alarmed... but the situation is serious... we can't sit back and say... let George do it. We didn't win a war that way... we haven't progressed in this nation as far as we have in the few years that we have been a nation by saying let George do it. No friends this problem belongs to every citizen... so what do you say... let's do a good job of it.

The Parent Problem

By GARRY C. MYERS, Ph. D.

HELPING CHILD FIX ATTENTION

Many parents want to know how to get their child to concentrate. Observing that he does not keep his attention long at school, at what he is supposed to be learning from books, they want to know what to do about it.

Unfortunately, many a teacher will inform the parent that the child is inattentive at school, assuming that the parent should scold or punish the child at home for such, and usually the parent does this. How absurd!

Our main objective should be to help this child gain more success at books in scores and hundreds of situations.

1. First we should have his vision and hearing checked by a specialist and corrected if at all possible; and make sure he has no other physical hindrances to learning that can be remedied. If such correction cannot be made, we need to take these handicaps into account.

2. We should find out through close co-operation with the school or in some cases with a learning specialist, just where the child's learning troubles are and how we might help him in definite ways to get better results from his learning efforts. Sometimes, he should have a tutor, if possible.

3. He may naturally be a slow learner in all school subjects. He may be dull, or he may have difficulty in one or two subjects. In either event, in order for him to enjoy more learning successes he will have to work at only what is easy enough for him to achieve, no matter how easy such must be or at what grade level it usually is learned.

For example, the child of the fifth grade who is a very poor reader, may need to practice reading on materials no harder than a second or third grade reader. He must not feel ashamed of doing such easy work. He must be able to save his face.

4. He may feel comfortable when he works at so easy a job at home than when he does the same at school, if he doesn't have a brother, sister or playmate who "ruins it in." Besides, he must feel that what he learns is worth learning. The more interesting it can be the better of course; yet interest tends to increase with success.

Therefore, success makes it easier for him to pay attention—to concentrate, and consequently to win more success and generate more interest, attention and effort. He will try hardest when he succeeds most. This is true in relation to any school subject.

5. At home, we parents can cultivate some good habits of concentration which should carry over to the school by paying strict attention when he talks to us and by being careful always to have his undivided attention before uttering a request or command.

6. A person in the upper grades, high school or college might be induced to discipline himself to pay attention to what is said in class at school and to what he is studying or reading anywhere through continued effort at pulling himself together when he finds himself woolgathering.

7. Parents of the young child should not do anything better to cultivate good concentration habits in him than to read to him daily.

I have a new bulletin which discusses this subject at length, to be had in a stamped envelope by writing me at 235 East 45th Street, New York, N. Y.

No. Dr. Hebb, the chimpanzee is not as intelligent as man. And he should be very grateful for it.

Hints On Etiquette
Do you know what a "bread and butter" letter is? It is a note thanking your hostess and host for the good time they gave you on your recent visit to them. It should be written as soon as possible after you return home. Many people never send them and that is a lack of appreciation for kindness received and poor manners.

Kilgore Truman's Friend But He's No "Yes" Man
LaFollette Cool To Plea He Run As An Independent
France's Devotion To U. S. Is Tested

(Special to Central Press)
WASHINGTON, Sept. 24.—Senator Harley M. Kilgore (D) of West Virginia, slated to move up to head the former Truman war investigating committee, is a close friend of President Truman.

However, Kilgore does not hesitate to give the President an argument when he does not like the way things are moving. A case in point was the battle over military-versus-civilian control of atomic energy.

It did not leak out at the time, but Kilgore, arrayed with scientists in behalf of civilian control of atomic energy, arranged a dinner conference attended by a dozen prominent atomic scientists and an equal number of senators.

Then armed with the information frankly exchanged at the conference, Kilgore went straight but quietly to the White House. He recently told a reporter:

"I felt that the facts presented by the scientists were so compelling that, without delay, I communicated them personally to President Truman, with whom I had previously discussed the problem."

The President, shortly afterward, reversed himself and withdrew the support he originally gave to the Army-backed May-Johnson bill, attacked by the scientists as giving atomic control to the military. Few know the part Kilgore played in turning the tide.

Kilgore, for whom the stage is set to succeed Senator James Mead (D) of New York as chairman of the important investigating group, worked closely with Mr. Truman when the latter was a senator.

Friends of "Young Bob" LaFollette have been urging him to run as an independent candidate since his defeat for the Republican senatorial nomination in Wisconsin by Judge Joseph McCarthy.

However, they failed to interest him. Young Bob is taking his time about deciding on his future. He feels that having disbanded his Progressive party to seek the Republican nomination precludes the independent race.

Thus he is following much the same course as that adopted by his long-time friend Senator Burton K. Wheeler (D) of Montana, who also lost in his state primary. Wheeler also resisted pleas to run as an independent.

Political observers feel that LaFollette has far from closed his political career. They doubt if the LaFollette name has lost its mighty magic permanently in Wisconsin.

Whether LaFollette intends to dabble in state politics remains to be seen. At the moment he seems fairly certain to resume practice of law and to watch developments across the country with a keen political eye.

Peak Year For Parks

Although final figures will not be in for some weeks, this year has been the biggest in the history of the nation's national parks. From Yellowstone, Yosemite, Glacier and all the rest the story is the same, more tourists by far than in any previous year.

From tourists the word is: Inadequate accommodations. Park hotels and lodgings were crowded day after day, with would-be patrons frequently turned away. Adequate refurbishing of tourist accommodations was impossible this year, and the outlook for next year is that enlargement of facilities will be impossible under present chaotic conditions in the building industry and government regulations.

In this respect the parks do not differ from other tourist resorts. Nowhere has it been possible to add to facilities to cater to tourist mobs the like of which vacation and tourist spots never saw. Southern winter resorts, with crowds beyond anything seen before assured this winter, will be unable to offer accommodations for many who will seek them. But this will not deter northerners bound for southern resorts. They will take pot luck, and their experiences will give them something to talk about, as they did in other sections of the country last summer.

America is currently tourist minded, and nothing short of a depression will enable those who cater to tourists to provide sufficient facilities for those who flit hither and yon.

Sir James Jeans

Sir James Jeans, who died in England last week at the age of 69, had one of the great minds of this century. He was also the possessor of a far rarer gift. This was the ability to explain and make available to men of more ordinary mind the tremendous leaps which scientific thinking has made during the past two generations.

His own life work in the fields of mathematics, physics and astronomy should have been sufficient to exhaust the energies of any man. He did much to advance the frontiers of knowledge in his work on the kinetic theory of gases, on various aspects of radiation, on the origin of the solar system, and on the source of the energy of the stars. Not content with this, he undertook to give the average man an understanding of what science was achieving in these and other fields.

In such books as "The Universe Around Us," "The Mysterious Universe" and "The New Background of Science" he attempted the difficult and thankless task of explaining such relatively inexplicable concepts as relativity, the quantum theory and cosmic radiation. These books were not easy to read and they were not capable of turning an ignoramus into an Einstein in an evening. But considering the complexity of the subject they are remarkably clear and understandable.

Whether the conclusions he reached were sound—such as his belief that the universe is expanding at an unbelievable rate to its ultimate dissolution—is something for experts rather than laymen to wrangle over. But he was undoubtedly one of the great men of a period when the scientists' conception of the universe in which man lives has been undergoing revolutionary change.

Poets Preferred

A poem-writing professor of English has balked Chester Bowles' ambition to run for governor of Connecticut. It is a nice question whether this is a sign of the rising popularity of poetry among the voters or a decline in favor on the part of the OPA.

But it may be the sign of something when the chief champion of price control is rebuffed by a Democratic convention in his home state. If this doesn't send Democratic politicians rushing out to buy rhyming dictionaries it will, at any rate, leave them a little cool about relying on OPA to get themselves elected.

But none can say that Chet, as his pals in Washington referred to him, didn't try. He was in there pitching over the radio last summer like all get out. But his evangelistic fervor for OPA seems to have been unappreciated even in his own party.

Well, take care of yourself, Chet. And don't let them overcharge you.

Secret Revealed

One of the several puzzling situations growing out of World War II was Japan's decision not to wage war against Russia when the reds had their backs to the wall at Stalingrad. Most Americans expected the Japs to strike a weakened Russia in Siberia.

There were hints in news leaks from Germany that Hitler and his aides clamored and demanded that Japan get in. But Japan did not and the reason why has been revealed by DeWitt C. Poole, former American diplomat who headed a mission to Germany after the surrender to interrogate a half hundred top nazis in war secrets.

Poole says that Berlin and Tokyo made a secret treaty in 1936 in which both agreed that they would not conclude any secret pact with Russia without both sitting in on the transaction. Three years later Hitler violated this secret treaty by making a political pact with Stalin which he later broke by invading Russia.

Tokyo shied at any deal with Berlin and so kept out of the war in Europe. The Japs are past masters at violating treaties but apparently resent it when a fellow conspirator does.

It is now revealed 280,000 displaced Europeans have been admitted to the United States, displacing 280,000 veterans looking for homes.

Republicans are most surprised of all by political developments, as they never expected to get all the breaks simultaneously.

Wyoming, Idaho and Montana offer best chances for getting a husband, women have been informed. Where men are men and still in the majority.

The vanishing American vanished too soon. He should have stayed around and enjoyed the big ha-ha at the expense of the all-conquering palefaces.

Lo, the Poor Indian, never worried about a housing shortage. And he had no rent to pay on his teepee.

The only ceiling he ever worried about was that of his wigwag—whether it was weatherproof.

Since contract bridge clubs, the movies and department stores had not been invented, his old lady stayed home and did all her own work—and his, too.

The squaws even took care of the truck garden which gave him all the more time for beneficial and soul-soothing relaxation.

When it came time to mow the lawn, Papa Redskin just sent the horses out to graze.

The Indian's life was just a long, sweet vacation—hunting and fishing and canoeing. Whenever he got bored he could go out and enjoy a little trip on the warpath without the slightest fear that the other guy might atomize him.

What ever is the matter with America cannot be chargeable to the form of government devised by our forefathers, nor to our country, characterized by an eminent English statesman as the grandest work ever to come from the hand of man. It is not to be explained by any lack of the fundamentals of liberty—free speech, free press and free worship.

The thing that is the matter with America is too much government. On the pretext of helping the people, the government is moving steadily toward their enslavement. (Continued on Page Eight)

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, Sept. 24. — (INS) — Most girls would be happy for just one chance in a lifetime at a real-life "Cinderella" role, but wide-eyed Joyce Reynolds was trying on her glass slippers today for the second time.

After 18 months absence from the screen, Joyce is back at Warner Brothers preparing to go before the cameras again.

If you've wondered what happened to this promising young lady, who is just 21 now and turned in excellent acting jobs in six pictures before she "retired"—her last was the title role in the original "Janie"—Joyce has been living in a small Virginia village near Quantico, doing the cooking and sewing for her Marine fighter pilot-husband.

The domestic life for which Joyce left the screen couldn't compete with the excitement of Hollywood, however, once the war was over and her daughter, Joy, now two months old, was born.

Back To Hollywood

"Coming back to Hollywood was really my idea," Joyce admitted to your reporter. "My husband, Bob Lewis—he's from my home town of Houston, Tex.—wanted to go back to school, so I suggested he try U. C. L. A."

Joyce could pretend she suggested the West Los Angeles school simply for sentimental reasons.

That is the one she attended, and it was while playing in "Alice in Wonderland" on the campus that a talent scout spotted her.

But Joyce is just as naively honest as she looks. She said:

"Now that I'm back, I just love it—all the glamor and fun of working again."

Her excitement was obvious during lunch in Warner's "Green Room" restaurant, as she waved cheery greetings to old friends, and gawked like any stage-struck kid as stars went by.

Joyce isn't sorry about the 18 months in Virginia, either, where her husband was assigned as an instructor, although there were plenty of trying times. She recalled:

Kids Stare

"It seemed like every time I got into the kitchen, all the kids in the village would troop in and just stand there, not saying anything, staring at the 'moving picture lady.'"

"It made me plenty nervous, because I could see it in their faces that they thought I couldn't cook. And, of course, I couldn't."

"I guess I just have to be an actress. I always wanted to be one, as far back as I can remember, and there never was any kid who was more of a movie fan than I was—and still am."

"I even had a wonderful autograph book, and used to hang around outside the Brown Derby. I left it on a bus one day, though, and that was the end of my autograph collecting."

As yet, Joyce has no idea what her first picture will be. For the moment, she is working in one-act plays which are produced regularly at the studio. The audiences are always composed of producers, directors and other executives, who have sharp eyes peered for talent in their forthcoming pictures, so it

probably won't be long before Joyce is in front of a camera again.

"And," she added, "it can't be too soon for me."

Resurfacing In New Wilmington Among Projects

HARRISBURG, Sept. 24.—(INS)—The State Highways department announced today that bids will be received at Harrisburg October 18 for eight projects involving 15.42 miles of road improvements. They included:

Lawrence and Mercer counties—resurfacing of 39 of a mile of routes 18 and 158 in New Wilmington borough and Wilmington township.

W. C. T. U. AND L. T. L.

East Brook W. C. T. U.
East Brook W. C. T. U. was entertained Thursday evening in the home of Mrs. John Martin, of Lakewood.

Mrs. Scott Kirk, leader, opened the meeting by Scripture reading. Splendid reports of the county convention, held at the Third U. P. church, New Castle, were given by Mrs. Lillian Johns, Mrs. Harry Kelly and Mrs. Hugh Snodgrass. The Rev. and Mrs. Anthony Pagley and daughter and Mrs. Albert Chapin, of the Neshamock Falls road, were special guests. The Pagley family is leaving soon for Corning, N. Y., where he will begin duties of his new charge. The Rev. Pagley favored with a number of musical selections, among them being his favorite, "Transformed." Group singing, with the Rev. Pagley as accompanist, followed. A farewell gift, in behalf of the group, was presented to the Pagleys, accompanied by the best wishes of the union for their future success. Mrs. Scott Kirk, president, appointed department directors and committees for the year. It was voted by the union to send a contribution to Dr. James Blackwood for Sunday observance.

A tasty lunch was served by the hostess, aided by her daughter, Dorothy. Mrs. W. R. Walton will entertain Thursday, October 17.

GOATS IN CAPITAL

WASHINGTON, Sept. 24.—The "ark" Bunker docked Monday at the navy yard with 2,500 rats, pigs and goats which survived the atomic bomb tests.

They will be taken to the naval research center at Bethesda, Md., for a study of the effect of radioactivity on their health.

Some 4,000 animals were taken to Bikini as stand-ins for human crews on 22 of the target ships. About 10 per cent died from air blast effects, another 10 per cent from radioactivity and 10 per cent more were killed for scientific study.

Jewish New Year Starts Wednesday

Rosh Hashanah Ushered In
At Sundown Observed
By Jewry Through-
out World

LOCAL SYNAGOGUES SCHEDULE SERVICES

Rosh Hashanah, the traditional New Year, will be ushered in Wednesday, September 25, at sundown. The holiday marks the beginning of the High Holy Day season, which will be concluded by the Day of Atonement on October 3.

The New Year has been traditionally known as the "Day of Memorial," since on this day men are to recall and review the events of the past year and atone themselves to the higher purposes of life during the coming year. It is on the New Year that men learn to "count their days" properly and thus resolve to apply their hearts unto wisdom.

Blowing Of The Trumpet

Another designation for the New Year is the Day of "Blowing the Trumpet." The ram's horn or Shofar is blown to summon men to prayer and repentance. The ram's horn is heard in three distinctive tones in the synagogue on this day. Its trumpet call is a summons for Jews to return to the spiritual life, and to all that religion implies.

The third name given to the New Year is the "Day of Judgment." On this day it is believed the Book of Life is opened and in it is inscribed the destiny of each individual. After the 10 days of penitence during which Jews are to pray and repent, the Book of Life will be sealed. On the New Year, God sits in judgment over the deeds of individuals and nations.

This day ushers in the 10 penitential days during which time those of the Jewish faith seek to make peace with themselves, with their God and with their neighbors. The day is entirely spiritual in its celebration unlike the civil New Year whose observances stem from the Roman Saturnalia. Conservative and Orthodox Jews observe two days as the New Year. Reform Jews, however, observe only the one day scripturally prescribed. Traditionally, this year marks the Jewish year of 5707 since the creation of the world.

Services Planned

Services at Temple Israel will be conducted Wednesday evening at 8 p. m., and Dr. Iwan Gruen, spiritual leader, will speak on the subject, "Regenerate Thyself."

Following services a social hour will be enjoyed with members of Temple Sisterhood in charge.

Thursday morning at 10 o'clock, Dr. Gruen's subject will be "Triumph or Tragedy?"

Holiday services at Tifereth Israel synagogue will be in charge of Rabbi Paul H. Katz, assisted by Rabbi Hyman Krash. Services will be Wednesday evening at 7 p. m., Thursday morning at 7:30 o'clock, and Thursday evening at 7 o'clock. On Thursday Rabbi Katz will preach on the subject, "Importance of Saving Judaism in America." Friday morning services will be at 7:30 o'clock, and evening services will be at 6:30 o'clock. The Friday sermon topic will be "Three Keys to Three Portals."

Almon Shoaff Now First Lieutenant

Mr. and Mrs. H. LeRoy Shoaff, 1010 Wilmington avenue, have received word that their son, Almon LeRoy, has been promoted from second to first lieutenant. He is attached to counter intelligence at general headquarters, USAF, Pacific theater. He is a graduate of West Point.

In recommending the promotion, his superior officer wrote: Lieutenant Shoaff has demonstrated he carries out his duties with efficiency and dispatch and has been found to be conscientious and resourceful.

STALIN DECLARES NO REAL WAR DANGER AT PRESENT TIME

(Continued from Page One)

Britain and the United States to create a "capitalistic encirclement" of Russia.

But as to whether the "ruling circles" in these countries have any such intention, Stalin declared:

"I cannot assert."
Supporting recent Soviet propaganda, Stalin said an early withdrawal of American forces from China was vital for peace.

Stalin's Views Given

The views of Stalin were given in an interview with a British correspondent of the Sunday Times of London and broadcast today by the Moscow radio.

Asked whether he believed the virtual monopoly of the atom bomb by the United States constitutes one of the main threats to peace, Stalin declared:

"I do not believe the atomic bomb to be as serious a force as certain politicians are inclined to regard it. Atomic bombs are intended to intimidate the weak-nerved, but they cannot decide the fate of war since they are by no means sufficient for this purpose."

Quoted To Stalin

The account of the interview with Correspondent Alexander Werth was recorded by the Soviet monitor in London.

Stalin was quoted as saying: "I do not believe in the real danger of a new war, which is the talk mainly of military and political scouts and only of a few partisans from among civilian ranks."

"One must firmly differentiate between the noise about a new war which is spread today and the real danger of a new war which does not exist at the present time."

Stalin, asked whether he believed that Britain and the United States were consciously creating a capitalistic encirclement of the Soviet Union, declared:

"I do not think the ruling circles of Britain and the United States could create capitalist encirclement for the Soviet even if they wanted to."

Anent Wallace's Speech

Stalin, commenting on the recent speech of former Secretary of Commerce Henry A. Wallace concerning Soviet policy in Germany, said:

"I believe utilization of Germany by the Soviet Union against western Europe and the United States to be out of the question."

"I believe it is out of the question not only because the Soviet Union is bound by a treaty of mutual assistance against German aggression with the United States, Britain and France, and by decisions at Potsdam, but also because the policy of utilization of Germany against western Europe and the United States would mean departure of the Soviet Union from its radical national interests."

Stalin explained the Soviet policy regarding Germany by saying:

"Briefly, the policy of the Soviet Union on the Germany question amounts to demilitarization and democratization of Germany."

"I believe this represents one of the most important guarantees for establishment of a firm and lasting peace."

Sees Friendly Cooperation

The head of the Soviet state denied that policies of Communist parties in western Europe are made in Moscow.

He said he believed without a doubt that there is the possibility of friendly, lasting cooperation between the Soviet Union and the western democracies despite existence of ideological differences of opinion.

In his references to the atomic bomb, Stalin also said:

"The monopolistic possession of the secret atom bomb does create a threat, but at least two remedies exist against it."

He said that it cannot be for long that the atomic bomb will remain prohibited.

Regarding the presence of American troops in China, Stalin declared that "the earliest withdrawal will be vital for peace."

He concluded by saying:

"With further progress of the Soviet Union toward communism, the possibilities for peaceful cooperation with the outside world are far from decreasing and may even grow."

He said that communism in only one country is perfectly possible, especially a country like the Soviet Union.

TAKES BIG PAY CUT
WASHINGTON, Sept. 24.—Not that he will have to pinch pennies, but wealthy W. Averell Harriman will take a \$10,000 a year pay cut in shifting to the post of Secretary of Commerce.

As ambassador to Britain, he received a salary of \$25,000 annually since Congress increased the pay. Members of the cabinet receive \$15,000.

Harriman probably will save money. The usual peace-time bill for entertainment in the British capital generally has far exceeded the government allowance.

Further information on openings in the Waves can be obtained from the U. S. naval officer procurement office located in room 305, old post office building, Pittsburgh (19), Pa.

Jane Marshall Dies At Detroit

Local relatives have been informed of the death of Miss Jane Marshall, former resident of New Castle and Ellwood City, on Monday at the home of her sister Mrs. Oakley Elliott, of Detroit, Mich., who also formerly lived in New Castle. Death was the result of an extended illness.

Miss Marshall, a nurse for a number of years, had retired recently on account of ill health. She was the daughter of the late Mr. and Mrs. A. H. Marshall of Ellwood City.

Survivors include two sisters, Mrs. William Elliott and Mrs. Oakley Elliott, both of Detroit; one brother, Charles Marshall, Toledo, O.; several nieces and nephews in Detroit and also a number of relatives in this vicinity. Mrs. E. N. Christy of 505 North Cedar street, this city, is a cousin.

Funeral services will be conducted Thursday from the Hunter funeral home, Terry avenue, Detroit, and interment will take place in that city.

Navy Veterans Have Chance To Join V-6 Corps

Local U. S. Navy recruiting station, located in the Post Office building, announced today that there will be an officer and a yeoman at the station between the hours of 10 a. m. and one p. m. on Wednesday, Sept. 25, for the purpose of swearing in men in the V-6 inactive reserve corps.

Chief Quartermaster John Burelli, recruiting chief, stated today that the enlistments are being held here for men who cannot make the trip to the main station.

Chief Burelli announced the following benefits which a member of the V-6 reserves will enjoy:

- (1) Not required to report to your draft board.
- (2) You retain your highest wartime rating and have chance of advancement.
- (3) Reserve service counts on longevity time the same as active duty.
- (4) In the event of return to active duty, reserve time would pay off in dollars and cents.
- (5) You do not receive a discharge certificate even though you enroll 24 hours after discharge at your separation center.
- (6) No physical examination required.
- (7) You may request an annual 14-day cruise, and you are entitled to full benefits under the G. I. Bill of Rights.

Health, Dental Tests Are Being Given Now In Schools Of City

Dental and health examinations will be given, as last year, to pupils in the first, third, fifth, seventh, ninth and eleventh grades throughout the New Castle public school system this year, according to a report from the office of School Superintendent Frank L. Burton.

Examinations have already begun at Mahoning school. Dr. Thomas Shaffer and Dr. H. C. Mitchell are giving the health examinations, while Dr. Benjamin Levin and Dr. Thomas McFate Jr. are on the dental staff. Tuberculosis tests, not included in the regular state health exam, are given by the school medical inspector, Dr. Joseph E. Ginsberg.

Two Injured In Croton Accident

Richard Thompson, 915 Warren avenue, operator, and John Steele, 1023 East Washington street, occupant, were injured in an auto accident at Croton avenue and Ray street at 11:35 p. m. Monday. Both were taken by Louis Valanti, Croton avenue, to the New Castle hospital for treatment.

Thompson was driving the car north on Croton. He lost control of it. The car went to the south side of the avenue, passed between a pole and a cement wall, then recrossed Croton avenue to the north side striking the Chapman confectionery building, causing damage, police learned.

Thompson sustained a cut on his nose and upper lip. Steele received a cut on his forehead.

CARNEGIE TECH TO USE CHURCHES TO HOUSE STUDENTS

PITTSBURGH, Sept. 24.—(INS)—Some 150 students attending the Carnegie Institute of Technology this semester will be confirmed church-goers—if they want a place to sleep.

Four Pittsburgh churches have offered to permit students to use Sunday school and assembly rooms as sleeping quarters until they can find rooms. The Red Cross stepped in and offered cots for the students. A church spokesman said the school has the worst housing problem in the city because of the number of out-of-town students enrolled.

FAILS: HEAD CUT
William Ward, 63 of North Beaver street, fell in that street last night, sustained a severe laceration of the head and was taken to the Jameson Memorial hospital for treatment of his wound.

The eagle's weight-lifting capacity is estimated at eight to 12 pounds.

Prefers Animals Among Hollywood Glamor Satellites

COLUMBUS, O., Sept. 24.—(INS)—Hollywood's most glamorous picture stars don't use that first touch of paint or powder, national ads endorsing this or that cosmetic to the contrary.

Take the word of Richard C. Craven, western regional director for the American Humane association. "Glamor in its highest form is found in the intelligent Hollywood animal actors," Craven told a preview luncheon of the association's first post-war national convention. "They are beautiful without paint or powder, and their striking intelligence is seen in modern moving pictures."

Craven referred to such animal stars as Smoky, the horse, and Lassie, the collie, as "my animal pin-up girls."

The vanguard of some 200 animal welfare and child welfare workers arrived in Columbus today for the four-day convocation, which gets under way tomorrow. Some 600 humane society affiliates will be represented.

See Griffith As Unanimous Choice For Legion Head

HARRISBURG, Sept. 24.—(INS)—A spokesman at State American Legion headquarters said today that Col. H. Griffith, of Uniontown, was expected to be unopposed for the national commandship at the annual convention opening at San Francisco September 29.

"As far as we know, Colonel Griffith is unopposed for the national commandship," the spokesman said.

The spokesman said most of Pennsylvania's 308 legionnaire delegates were enroute to the coast on a special train.

Pennsylvania's delegation will be headed by Commander James P. Murray, of Forest City, and commander-elect Clyde E. Rankin, of Philadelphia. If elected, Griffith would be the first national commander to hail from Pennsylvania.

CIGARETTE LEVY TO FINANCE VETS HOUSING PROGRAM

TRENTON, N. J., Sept. 24.—(INS)—A cigarette tax will be used to pay for veterans housing in the State of New Jersey.

Legislative leaders decided today to impose a two cent a pack tax on cigarettes sold within the state. There is no state tax on cigarettes now.

The income will be used to amortize a one hundred million dollar bond issue to finance the state's emergency veterans housing program.

Woman In Coma Leaving Hospital; Unaware Of Child

ALLENTOWN, Pa., Sept. 24.—(INS)—Mrs. Rhoda Wenger will leave Allentown hospital next Saturday—still unaware that she gave birth to a daughter last May 23.

Mrs. Wenger, the wife of Army Sgt. Legland Wenger, has been in a coma since she and her husband were injured in an automobile collision ten months ago.

Wenger is a patient at Letterman General hospital in San Francisco which is also his wife's home city. She will be flown in an army ambulance plane to the University of California hospital at Berkeley.

Mrs. Wenger will be accompanied on the flight by her husband, now on furlough, nurse, and little Karen Beth, who now weighs nine pounds. The child weighed four pounds at birth.

Power Shutdown Delaware Threat

WILMINGTON, Del., Sept. 24.—(INS)—A crippling power strike faced most of the state of Delaware today after more than 200 employees of the Delaware Power & Light Co. voted to walk out on Oct. 24.

Electrical and gas service throughout most of Delaware would be seriously impaired by the impending strike. The walkout was threatened unless certain "grievances" are corrected.

James T. Ellington, president of the newly-certified Local 1238, International Brotherhood of Electrical Workers (AFL), accused the company of "flagrant violations of seniority rights, aimed to undermine the union."

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisons to master the blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give speedy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Canada Supports Claim Of Ethiopia

Demands Transfer Of Eritrea To Ethiopia At Peace Conference In Paris

By **PIERRE J. HUSS**
(U.S. Staff Correspondent)

PARIS, Sept. 24.—Canada today demanded the immediate transfer of the Italian colony of Eritrea to Ethiopia at the Paris peace conference.

The Canadian demand was voiced in a session of the Italian political and territorial commission prior to a meeting of the Big Four Council of Foreign Ministers which will attempt to speed up deliberations of the conference.

Brooke Claxton, Canadian representative, urged the transfer of Eritrea to Ethiopia without waiting for a year as provided in the terms of the draft treaty.

He said:

"The Canadian delegations warmly supports the Ethiopian claims expressed so eloquently yesterday and hopes that the four powers will accomplish the transfer immediately and redress an old wrong."

Claxton welcomed new Big Four assurances that the wishes of the inhabitants of the colonies will be taken into consideration regarding the ultimate disposition of all Italian colonies.

The Big Four scheduled their meeting in an effort to find a way to conclude the parley in time for convening of the United Nations General Assembly on October 23.

Alumni Choir Is Projected Here

Former Members Of Senior High A Cappella Choir Will Meet To Organize Thursday Night

Robert A. Duff, director of choral music at Senior High school, in response to a request from a number of former members of the Senior High a cappella choir, has announced a meeting for Thursday evening, September 26, at 8 o'clock, for the purpose of forming an Alumni Choir.

This will give the young people of the city, who have enjoyed singing in the high school choirs, an opportunity to continue singing for inspiration, recreation, and self expression.

The a cappella choir has been an integral part of New Castle Senior High for almost 10 years. Hundreds of students have sung in it for one, two or three years of their high school life, and have looked back upon it with longing after graduation.

In 1941, an Alumni Choir was started, but the war intervened and the choir, along with many other worthwhile things, became a war casualty. There have been so many requests that it be revived, that it was decided to have the meeting Thursday evening.

All who have been members at any time during the past ten years are invited to attend, and if married, to bring along the husband or wife.

Vault Rifled As Watchdogs Fail To Utter Sound

ALLENTOWN, Pa., Sept. 24.—(INS)—Allen George, a slaughter house operator at nearby Balliettsville, has lost faith today in his two trusty watch-dogs.

George doesn't believe in banks, and so he relied on his dogs to scare off prowlers when he and his family went out.

When George returned, he found that the steel vault in his home had been battered open and thirty to forty thousand dollars in cash was missing.

Neither George nor the police can understand why the dogs didn't raise their usual ruckus when the burglars entered the place.

New Decision On Labor Issue

PHILADELPHIA, Sept. 24.—(INS)—An important labor decision went on the books today after Federal Judge Harry S. Kalodner ruled that an employee who quits his job of his own volition during the 30-day "cooling off" period does not violate the Smith-Connally Act.

Judge Kalodner's decision, believed to be the first of its kind, came in a suit by a war plant to collect damages from individual employees under the war disputes act.

MINERS PROTEST MEAT SHORTAGES

WILKES-BARRE, Pa., Sept. 24.—(INS)—Approximately 200 anthracite miners employed by the Glen Alden Coal Company near Wilkes-Barre were preparing today to nail a "no meat, no work" sign on the colliery.

Spokesmen said the meat shortage had cut into lunch supplies, and that the miners could not subsist on egg sandwiches and do heavy work.

THE WORLD AND THE MUD PUDDLES
(Continued From Page Four)

On the pretext of protecting them, it is sapping their self-dependence. On the pretext of promoting the general welfare, it is straining toward the socialization of industry and business. On the pretext of furthering economic security, it is squandering billions and placing a mortgage of Two Thousand Dollars on the back of every American man, woman and child.

Something is the matter with America when months after the war's end we are in a state of industrial chaos, with production halting, with scarcities worse than wartime, with black market flourishing like the bootleg racket of prohibition days. Something is the matter when thousands are vainly hoping for places in which to live. Something is the matter when the dollar of every worker, every insurance policy holder, every stockholder, every owner of federal bonds, is being steadily depreciated to finance the fantastic outlays of the federal government.

None of these things is due to any inherent fault in our system of government or to our basic law. They are due to the perversion of our system of government and the flouting of our basic law. They are the result, chiefly, of efforts to superimpose alien philosophies and to spread specially privileged pressure groups.

The way to remedy the things that are the matter with America is for true Americans to rise up and drive the "reformers" and "rebuffers" out of the government. Until they do, the evils will continue—and grow.

MARTIN IN PITTSBURGH

HARRISBURG, Sept. 24.—(INS)—Gov. Edward Martin was scheduled to speak at a dinner meeting in Pittsburgh tonight honoring Gen. Mark W. Clark, U.S. army commander in Austria.

Production Must Be Kept High To Safeguard U. S.

SARATOGA SPRINGS, N. Y., Sept. 24.—(INS)—Undersecretary of War Royall declared today that labor must protect the United States against communism and keep production high to safeguard national security.

Royall warned that the entire nation "must meet the issue of communism and totalitarianism within our country—meet and overcome it."

Speaking at the 12th annual convention of the Industrial Union of Marine and Shipbuilding Workers of America, CIO, Saratoga Springs, Royall told his audience: "You should—and you can—put an end to any real communistic growth before it adversely affects labor itself—before it discredits labor in the eyes of the nation and reduces labor's influence with America as a whole."

Must Get Production
The undersecretary emphasized: "America must remain supreme in production—must do this in order to enjoy our peace to the fullest—must do so in an all-out effort to preserve peace—and must do so as a part of our plan and preparation for defense against any contingency."

He added that labor has "the responsibility of protecting our nation and its form of government against foreign 'isms'—a menace to America's peace and security. He maintained that "with labor the greatest loser by totalitarianism—it is, paradoxically, in the field of labor that communists first seek to infiltrate."

AGED FARMER IS FOUND DEAD IN WARREN COUNTY

WARREN, Pa., Sept. 24.—The body of John E. Stone, 73, retired farmer who lived in an isolated house in Abraham Hollow, near Youngsville, was found Sunday by a nephew, Frank Henderson, of Youngsville, Coroner Ed. C. Lowrey, who visited the place, found Stone had shot himself and was lying on a shotgun which he had fired into his stomach.

Stone was a sufferer from cancer. He had been a patient in the Warren General hospital and later had gone to the Rouse hospital and then to his farm home. His wife and several children, who reside in Chicago, were notified.

Probing Reports Some Captured G.I.'s Enslaved

NANKING, Sept. 24.—(INS)—A U. S. Army graves registration team was expected back today from Chengtu with additional information on reports that a number of American airmen have been enslaved by aboriginal tribesmen in western China.

Unconfirmed reports said that crewmen of downed American airplanes were captured and enslaved by Lolo tribesmen in a remote area of Szechwan province.

The graves registration team has been working out of Chengtu in an investigation of the reports.

One American official in Nanking fear that publication of the reports may have endangered the lives of any possible captives of the untamed tribesmen, who have never recognized the authority of the Chinese government.

Says Juvenile Delinquency Is Due To Decrease

CHICAGO, Sept. 24.—(INS)—The founder of Boys Town, Neb., the Rt. Rev. Msgr. Edward J. Flanagan, who insists there is no such thing as a "bad boy", goes even further than that in his opinion today.

Msgr. Flanagan said that, "strictly speaking, juvenile delinquency resolves itself into adult or parental delinquency."

The famous priest, in Chicago while en route to Washington, D. C., where plans for a national juvenile conference late next month are to be made, said he believed that juvenile delinquency is due to drop.

He declared: "People are more keenly interested in juvenile problems today than they were when Boys Town was founded in 1917. This is one factor which will result in a decrease of juvenile delinquency."

"The dislocation of family routine because of the war was the principal cause of a rise in juvenile delinquency in the last five or six years."

Jewish Agency Not To Take Part In Roundtable

JERUSALEM, Sept. 24.—(INS)—Authoritative circles said today that the Jewish Agency for Palestine definitely has decided not to take part in the London roundtable conference in view of the British government's decision not to release interned Jewish leaders.

Meanwhile, British authorities closed the "Services Hospitality club", which has been maintained in the center of Jerusalem since 1940.

The closure order was considered a continuation of Lt. Gen. Sir Evelyn Barker's decision not to allow British troops to mingle socially with the Jews of Palestine.

Holdup Men Give Victim \$50 After Robbery Of \$1300

KENT, O., Sept. 24.—(INS)—Max Friedman, Pittsburgh diamond dealer, was on his way home today, the victim of two kind-hearted holdup men.

The pair accosted Friedman just outside nearby Edinburg, stole \$6,000 in unmounted diamonds and \$1,300 in cash, and then gave him \$50 with which to continue on his way from Akron to Pittsburgh.

Portage county officials searched for a car bearing Michigan license plates in which the bandits escaped.

Determined Man Has Much 'Appeal'

PITTSBURGH, Sept. 24.—(INS)—James W. Billingsley, of Pittsburgh is a man with plenty of "appeal."

At least the judges in Pittsburgh courts think so.

Billingsley was found guilty of a charge of hiring a witness to commit perjury in a damage suit two years ago.

He appealed the court decision four times—and four times the court ruling was upheld.

Billingsley was sentenced from one to two years in the workhouse yesterday as Judge G. Malcolm McDonald refused his fourth appeal.

Determinedly, Billingsley said he would appeal a fifth time.

Intensify Search For York Slayer

YORK, Pa., Sept. 24.—(INS)—State police today intensified their investigation into the death of Lester E. Myers, 48, of York, whose body was found on the floor of a blacksmith shop operated by his brother.

An autopsy revealed death was caused by a fractured skull and concussion of the brain, it was reported.

Relatives allegedly told police they suspected foul play in connection with Myers' death because some of his effects, including money, was missing. The body was discovered Friday.

Boy Craves Rice After Imprisonment By Japs

COUNCIL BLUFFS, Ia., Sept. 24.—Five-year-old Jim Bill Tyson prefers rice and spinach to almost any dish. Jim developed his unusual ap-

petite during four years of Japanese prison camp diet in the Philippines. After a year in the United States, Jim still favors the only foods he had eaten since he was 10 months old.

His mother, Mrs. J. D. Tyson, reports she is having a difficult time weaning Jim from rice and greens. He gradually is testing American dishes and sampling fresh fruits, vegetables, and ground meats.

In prison camp, the five-year-old drank milk made from powder. Becoming accustomed to fresh milk has been a difficult and unpleasant chore for him.

Moscow Convinced Byrnes Wants Peace Just As Soviet Does

By GEORGE HERALD
U. S. Staff Correspondent

PARIS, Sept. 24.—An official Soviet spokesman on Monday declared that Moscow is convinced Secretary of State Byrnes wants peace just as Russia does and that both the United States and the USSR will "talk the same language in the very near future."

Continuing on the recent outburst of Henry A. Wallace and the subsequent endorsement of Byrnes' foreign policy by President Truman, the spokesman said:

"We are convinced that Secretary Byrnes wants peace just as much as Henry Wallace."

"We also want peace and we are sure that we'll talk the same language in the very near future."

The spokesman said the only difference between Byrnes and Wallace were in their methods, adding: "But Byrnes must watch out. There are methods... which intend to preserve peace but in reality promote war."

The spokesman forecast that Foreign Minister Molotov will attend the big four meeting determined to approve all measures designed to speed up the work of the peace conference.

SEE HUGE DEFICIT FOR RAILROADS AT PRESENT-DAY RATES

WASHINGTON, Sept. 24.—(INS)—James M. Soubey, general solicitor of the Association of American Railroads, told the Interstate Commerce Commission Monday that the nation's railroads will have a deficit of 312 million dollars in 1947 at present freight rates, without carryback tax credits.

Opening the final oral argument for a freight rate increase averaging almost 20 per cent, Soubey noted that his figure is considerably below the 37.6 per cent average rate boosts granted the railroads during and following World War I.

The attorney estimated that railroads will have net income of 29 million dollars in 1946, exclusive of carryback tax credits. Present rates, on the same basis, would produce a 312 million-dollar deficit in 1947, he said.

Russell G. Helbley Home From Pacific

Sgt. Russell G. Helbley, of 1116 East Washington street, has returned from service with the Armed Forces in the South Pacific.

Under the new law, Sgt. Helbley is on terminal leave and will not receive his discharge until November 3.

Russell served a period of 36 months in the army, with 18 months of his service spent in the South Pacific. He served for a while with the tank Corps in Okinawa.

Helbley makes his home with his aunt and uncle, Mr. and Mrs. L. C. Mantz, of East Washington street.

Martin Impressed By State Schools In Meeting Demand

HARRISBURG, Sept. 24.—(INS)—Gov. Edward Martin said Monday he was "greatly impressed" with the work of Pennsylvania's educational institutions in meeting the educational demand of veterans and high school graduates.

"A couple of days ago I personally investigated Washington and Jefferson college and Waynesburg college to determine what they were accomplishing," the governor said. "I was surprised at the progress they have made. Both of these colleges will more than double their normal attendance."

"They have been able to secure able faculty members and the proper physical equipment," he added. "The housing is still a difficult problem, but I think that both of these institutions will be able to solve it."

An investigation, although not as thorough as the one mentioned above, has been made of the institutions of the state and I am greatly pleased over the splendid progress they have accomplished," Governor Martin said.

Progress Noted At West Side School

Two New Teachers On Faculty Of School; Making Plans For Annual Columbus Day Program

Monday afternoon a survey of the West Side grade school found everything well under control, with the program for the year in the school working very efficiently under the supervision of Principal Glenn McCracken and his staff of teachers.

Two new teachers were on hand to greet the returning pupils this year. Miss Belle Kyle is handling the art and library program of the school, while Miss Ethel Dunn is teaching geography and history.

In the absence of Miss Margaret Mullen, who has been ill since the opening of school, Mrs. Prudence Matthews has been capably teaching in the second grade of the school.

According to Principal McCracken, the program of visual education will be intensified in the school this year, with the receipt of a new motion picture machine. Films will be received periodically during the school year, with the boys and girls having opportunity to see the pictures in connection with their history, geography, health, reading and safety studies.

Miss Margaretta Hess and Miss Kyle are making intensive plans for a Columbus Day program to be put on by the boys and girls of grade 6-1. Miss Hess is arranging for a chorus of 40 voices to participate in the program.

Churchill Silent On Roosevelt Book

Former Prime Minister Of Britain Not To Make Answer To Elliott Roosevelt's Statements

LONDON, Sept. 24.—(INS)—Former Prime Minister Winston Churchill is not contemplating making any answer to the inferences, charges and implied criticisms made by Elliott Roosevelt, son of the late president, in his book "As He Saw It."

On his return from a vacation in Switzerland, Churchill temporarily retreated from his previous stand refusing to talk to reporters about the book and received this International News Service correspondent briefly at his London home.

Churchill listened to a formal question as to whether he would care to utilize the news distributing resources of International News Service to reply in detail to Roosevelt's book.

Courteously but firmly he said: "I do not contemplate saying or writing anything regarding the matter and I am not answering any questions about it."

In answer to a further question the former premier, who was brimming in good health and spirits following his vacation, continued: "I am not contemplating any writing of any description. The interview is closed."

Churchill was so charmingly polite as only Churchill can be. But he refused to budge from his attitude that there is nothing whatever he wishes to say about the Roosevelt book.

See Rent Rise After Election

WASHINGTON, Sept. 24.—(INS)—Sen. Buck "R" DeLoach predicted Monday that the Office of Price Administration will grant general rent increases "after election."

Buck accused OPA of "political" objectives. He said: "I think OPA is a purely political organization."

"I believe that after the election rents will be increased—and not before."

Buck said he has "heard rumors" to bear out his prediction that a rental adjustment will be made after the November elections. He commented: "The Democrats want votes. There are 50 tenants to every landlord. So they will not grant increases until after election."

So he's an electric eel, so watt?

All right, then, he eel-y isn't an eel at all, if you want to be technical. His name's Electrophorus (Gymnotus) Electricus—Jim for short. He's a South American cousin of the carp and catfish.

Maybe Jim does pack a wallop of 600 volts when he's hungry or annoyed (and he has a shocking temper!)—BUT—

Can he wash 3 tubs of clothes?

Or tell the correct time for 4 days?

Or light a hundred-watt bulb for 3 hours—for a penny?

You bet he can't. He's not usefully eel-ectrified. Frankly, you'd better flip a switch if you want convenient, dependable electricity—all you need—at low cost.

And speaking of low cost—did you know that the average family is getting twice as much electricity for its money as it did 20 years ago? That's no accident—like Jim and his temperamental voltage. Folks in this company have done a good job under sound business management. That's why your electric service is lower in cost—and higher in efficiency—than ever before.

CANCER EDUCATION CAMPAIGN PLANNED FOR STATE SCHOOLS

HARRISBURG, Sept. 24.—(INS)—An intensive educational campaign today was slated to be conducted in the Pennsylvania schools by the state division of the American Cancer society.

Watson Dersham, of Mifflinburg, has been appointed education director to spur the public education program.

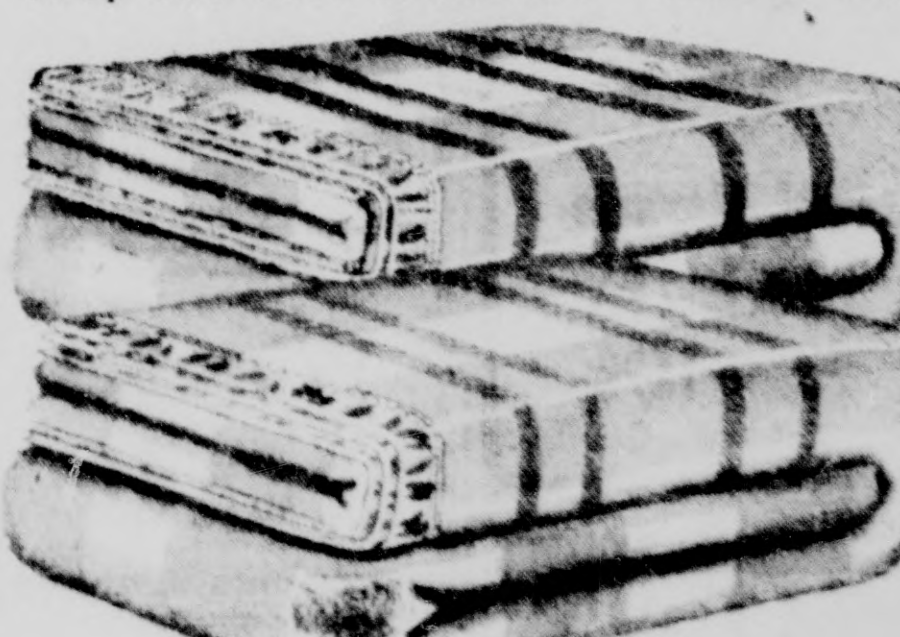

He will arrange programs, circulate pamphlets and give motion picture demonstrations to inform students and instructors, according to Director George B. Larson.

He said more than 2,000 youngsters of school age were victims of the ailment throughout the nation every year.

For a gradual change from outdoor to indoor conditions, bring house plants indoors several weeks before the heater is started.

Memorandum In \$900,000 Sale Is Termed 'Forgery'

House Committee Probes Mysterious
Memorandum In Sales
Transaction

WASHINGTON, Sept. 24.—(INS)—The house surplus property committee turned its scrutiny today on a mysterious memorandum, termed a "forgery" by Chairman Slaughter (D) Mo., which authorized a \$900,000 sale apparently without the knowledge of the war assets administration.

Brig. Gen. J. A. Mollison, deputy administrator in charge of the disposal of aviation and electronic equipment, promised to produce the memorandum at today's public hearing.

The memorandum authorized the sale by the Hallcrafters Corp. of Chicago, of 200 surplus radio mobile trucks at \$4500 each. The memorandum was written on war assets stationery, but it was brought out that the sales were made before the WAA was established last March 25.

Hugh Wise, committee counsel, said the trucks were under the jurisdiction of the Reconstruction Finance Corp. when they were allegedly authorized to be sold. Wise said the trucks were sold for \$4500 although a price of \$7800 subsequently was set for them by the disposal agency.

Wise termed the memorandum "pre-dated" and said "it was apparently slipped into the files" in an effort to provide a written record of the transaction, which may have been based on an oral approval.

Wise said the committee would request the appearance of the war assets official who signed and placed the pre-dated memorandum in the files, which came to light during an investigation in May. A previous investigation had failed to disclose any record of the truck transaction.

TOMATOES A 'MUST' FOR CANNING BUDGET

Tomatoes hold first place on the canning budget. For one thing they are one of the main sources of vitamin C, and for another, there are so many different ways to use and serve them that a large supply is necessary. Twenty-five quarts are the minimum requirement for each person in the family.

Canned whole, cut up, or as juice, tomatoes will add color and flavor to winter meals, and be sure to eat them often while they are in season. Try them sliced or mixed with other vegetables for salad. A good salad suggestion is tomato filled with cottage cheese or a chopped meat and celery filling. Tomatoes are delicious filled and baked. Or perhaps they will tempt the family if they are sliced just so thick and broiled.

Tomatoes are one of the easier foods to can. Because they are an acid food, they can be safely canned in the boiling water bath. No pressure canner is needed.

Preparing tomatoes for canning by washing, scalding, cold dipping, and peeling. Pack them whole or in pieces in clean jars, pressing to get enough juice to fill the jar. Adjust lids and seal according to type used. Process pint jars 30 minutes and quart jars 35 minutes in boiling water bath.

Complete directions for canning tomatoes may be obtained free by writing to Miss Mary Ellen McClain, Agricultural Extension Office, 206 Post Office Building, New Castle, Pa., and asking for Circular 238 "Canning Fruits and Vegetables".

Highway Fatalities Since January 1942

HARRISBURG, Sept. 24.—(INS)—The State Revenue department announced today that 942 persons were killed in highway accidents during seven months of 1946, a 54.9 per cent increase compared with the same period of last year.

Highway accidents claimed the lives of 557 persons in rural areas and 385 in urban sections during the period, the department reported.

In seven months of 1945, fatalities numbered 608 persons. In 1941, the last pre-war year, 1139 persons were killed in highway accidents between January 1 and July 31.

'MEANEST' THIEF

PITTSBURGH, Sept. 24.—(INS)—Police today were searching for the "meanest thief" who burned a housewife's hands and then threatened her seven-week-old baby with a hot iron when she refused to tell where her money was hidden.

Mrs. Virginia Banal told police she finally told the dapper burglar where she had hidden \$14 when the cold-hearted thug held the hot iron close to her son, Victor, Jr. She said the thief had burned her hands a few minutes before when she refused to "hand over the money."

Marines To Invade City On Saturday

Marine Corps Band To Play Matinee And Evening Concert
In Cathedral

Saturday, September 28, it can be truthfully said that in New Castle "the Marines have landed". The Marines will be the United States Marine Corps Band, probably the finest military band in the world, here to play a matinee and evening performance in the Cathedral under the auspices of the Guntery Sergeant Harry T. Burns Detachment of the Marine Corps League.

Under the direction of Captain William H. Santelman, son of a former director, the band is making a tour of half a dozen states and New Castle gets this famous organization early in its joint across the country.

To Build Memorial
From the proceeds of the concert it is hoped to be able to erect a suitable memorial honoring the Marine dead of Lawrence county in World War Two. Plans for the memorial are tentatively laid, what is needed now is sufficient money to erect it and the concert will provide this money it is hoped.

General Chairman John Othites today announced his committee for the concert. Clarence M. England is chairman of arrangements, Peter McGinty is ticket chairman, with William Kane, Harry McAllen, Warren Morgan and G. Chirozzi as ticket committeemen. Miss Rita L. Metz is the publicity chairman with Ed Schlossberg, Franklin M. Blanning and Ralph Nativio as assistants.

The house chairman is Dale Lawson and the treasurer, Joseph Pearson. There will be plenty of good seats available at the doors both for the matinee and evening concert, Saturday night, September 28 in the Cathedral.

Anti-United States Propaganda Factory Operating In Korea

SEOUL, Korea, Sept. 24.—(INS)—Proof that Communists are maintaining an anti-United States "Propaganda Factory" in Korea was offered by a high American military source.

The military leader released to newsmen copies of instructions for the month of September which he said had been sent by the Korean central committee of the Communist party to Ko Jai Du, "responsible editor" of the Chosen in Min Po, second largest Communist newspaper in Seoul.

Day-by-day instructions on what to publish were given, including an order to editorialize on Sept. 25 on the subject of getting the American army out of Korea.

Emergency Power For Some Hospitals In Pittsburgh

PITTSBURGH, Sept. 24.—(INS)—Twenty-two hospitals have had emergency generators installed to furnish power today in Pittsburgh's power strike.

However, the institutions will be hard hit officials agree. The generators will furnish just enough power to operate essential lighting, operating rooms and one elevator, according to James S. Devlin, public works director.

Devlin said all other hospitals in the two-county area affected have their own power systems.

He added that emergency units have also been installed to operate Pittsburgh's fire alarm system and three pumping stations.

STEAL SPOTLIGHT

Spotlight was reported stolen from the parked car of Paul Zarrella, 129 East Moody avenue, last night. The car was parked in Sycamore street near North Mill street.

South Carolina was once the home of 28 tribes of Indians.

MONUMENT WILL BE UNVEILED SUNDAY

Sunday afternoon, at 1 o'clock, a monument will be unveiled at Tifereth Israel Cemetery in memory of Abe Shapiro.

Rabbi Hyman Krash will be in charge of the service.

"We can borrow the money we need on our inventory"

PRESIDENT: Just what plan did you have in mind, Jones?

TREASURER: I'd suggest a Lawrence Savings & Trust Co. Commodity Loan, sir. It's available through "field warehousing". A field warehouse is set up on our premises so that the material we need for manufacturing or shipment is readily available any time.

PRESIDENT: I see. We use our inventory for collateral.

TREASURER: Right. And it's pledged to the bank on field warehouse receipts.

PRESIDENT: Gentleman, I understand that many firms are making use of this method of financing to obtain ready cash for discounting bills and expanding sales. It seems to me an excellent way to get the capital we need to open new territories. Let's do it!

Business executives are cordially invited to inquire about our Commodity Loan Service.

Cardinals And Dodgers Maintaining Torrid Pennant Battle

First To Crack Will Lose Flag, Half-Game Lead

Cards Beat Cubs Monday, Dodgers Give Phils Lumps, Crucial Games Today

DICKEY-RUFFING HANDED RELEASES

By LES CONKLIN
(International News Service Staff Writer)
NEW YORK, Sept. 24.—The St. Louis Cardinals are maintaining their half-game lead over Brooklyn down the National League stretch due to the fact that they have three pitchers who hit just as well as they pitch.

Pitchers Are Hitting
The Cards have won three of their last five games since leaving New York and, in each case, it was a pitcher's single which led to the winning run. Ted Wilks did it in a 5 to 4 victory over Boston last Thursday, and Murry Dickson and Harry Brecheen won their own well-pitched games in the Cardinals' two triumphs over the Chicago Cubs.

Yesterday Brecheen not only blanked the Cubs 1 to 0 and drove in the lone tally with a single, but also kept the Bruins at bay with his usual flawless fielding. Harry the Cat was touched for nine hits but escaped unscathed by pouncing on every ball that came near him.

St. Louis got only six hits off Hooks Wesson in seven innings, and none off Johnny Schmitz in two.

Brecheen has been a terror against the Cubs all year. He has beaten them five times in six starts, allowing them only four runs in 53 innings.

Five For Cards
The Cards now will finish the season at home with two games against Cincinnati and three with the Cubs. The Dodgers, also on their own diamond, have only four games left—two more with the Phillies and two with Boston.

The Dodgers got 11 hits against the Phils yesterday but couldn't get going until the eighth inning when they exploded with a five run rally, not on solid hits, but an assortment of bunts, chops and looping flies just over the infield.

Ruffing-Dickey Released
Pinch hitter Stan Rokej drove in what proved to be the winning run off Ken Ruffing, Rube Minton, who pitched the first eight innings for Brooklyn, has racked up 10 of his six victories this year against the Phils. Final score Dodgers 6, Phils 1.

In the only other game played, the New York Yankees wound up their home season by beating the Athletics again, 9 to 6. After the game the Yanks announced they had made Charley Ruffing, veteran pitcher, and Bill Dickey, former catcher and manager, free agents.

Youngest players on the 1946 Penn State football squad are Center Bronco Kosenovich and Tackle John Finley. They're both 19.

County League Meeting Tonight

Final meeting of the Lawrence County Baseball league will be held tonight in the Sporting Goods store, North Mercer street, beginning at 7:30. It was announced today by Jim Martin, league secretary.

All business for the season will be terminated at this time, and championship jackets awarded to the Wampum Legion, winners of the circuit honors this season. Final plans for the annual banquet will also be made, it was announced.

Ellwood Seeks First Victory

Wolverines Journey To Farrell Saturday Night To Battle Night Rider Eleven

ELLWOOD CITY, Sept. 24.—Crushed in their first two appearances on the class AA grids, and off to one of the most disastrous starts in their piskin history, Ellwood high's Wolverines will seek their initial win Saturday night when they meet Farrell under the lights at the latter's field.

The Croft machine came a cropper against a powerful Brownsville team in their opener, losing 21-0, and then bowed before the home fans to classy Rochester, 19-0.

Stung by the fact that they have not yet scored a point against their opponents, the Blue and White will do all in their power to hit the victory trail against the Hawk Day machine. Last year the "Wolves" bested the Farrell men, 7-0 in a bitter struggle.

Farrell Battered
Farrell, too, has had their ups and downs this season, the green Day machine dropping contests to Erie Cathedral, 12-6, and Meadville last Friday in the mud, 12-0. Their lone win was over a weak Greenville eleven, 6-0.

On the basis of these records, Saturday night's battle is rated a good bit of a toss-up. Both elevens are out to better their records, and if the weatherman permits, a good, even game is in prospect.

Both elevens are expected to make changes for the clash and probable lineups will not be forthcoming until later in the week.

Of the team that faced the Wolverines last year, all have departed. However five subs, who earned their letters, have moved into varsity jobs. They are Ballish and Hallways, center, Petrillo, tackle, Nicastro, center, and Hailstock, a sub lineman.

Says Woodcock Not Ready Yet

NEW YORK, Sept. 24.—(INS)—Gus Lesnevich, world's light heavyweight champion who was knocked out by Bruce Woodcock in the eighth round of a non-title bout in London last Tuesday, says the British heavyweight champion won't be ready for Joe Louis for another two years.

Lesnevich, who flew home, thinks Woodcock is too green to handle Louis at present.

Blanchard Listed Doubtful Starter

WEST POINT, N. Y., Sept. 24.—(INS)—Felix (Doc) Blanchard, army's all-American back, was listed today as a doubtful starter against the Oklahoma University eleven on Saturday.

Blanchard, in the opener against Villanova, suffered a painful leg bruise that necessitates hospitalization.

'Red Hurricane' Gets Ready For Sharon Battle

New Castle High Gridders Face Second Class AA Foe Friday Night

Head Coach Phil Bridenbaugh took his New Castle High "Red Hurricane" football squad back to the practice field Monday for a light drill in preparation for the battle at Sharon Friday night.

Among those reporting yesterday were John DiCola and "Moe" Dean, both having been injured but slightly in the Youngstown East game last Friday. Both will likely face Sharon, it was indicated.

Seek Class AA Win
The workout Monday consisted of signal drill mostly, with blocking getting attention and defensive line play. New Castle hopes to bounce back this week from the 6 to 0 defeat handed them by East High and register their second Class AA win of the year over Sharon.

The loss to Youngstown did not impair their Class AA W. P. I. A. L. standing whatsoever. If New Castle can wade through the six tough league games, they will be in line for championship consideration.

A good game is looked for at Sharon, the Tigers having won one and lost two to date, but are still a dangerous foe. According to those who have seen Sharon in action, the Tigers have a powerful team and will cause the locals plenty of trouble as they always do.

Union Prepping For Evans City

Scotties With Win Over George Junior Republic As Spur, Working Hard

After defeating George Junior Republic 14 to 6 on last Friday, Union High school eleven is grooming for the game this Friday night when they travel to Evans City to play under the lights there. The game starts at 8 o'clock.

Coach Dinsmore has his boys aiming a few pass plays this week, for they plan to take to the air on Friday night. After the success with passes last week, it is expected that the Scotties will come through with a win on passes in the game against Evans City. Rex Conti, who pulled a muscle in the leg during the Republic game, will do most of the passing, leaving the running for the other three backs.

Three Good Ends
Union has three good ends in Smith, Lennhardt and Pilshaw. Don Lennhardt is an experienced man who saw lots of action last year. Jim Smith is a letterman from last year and a senior, while John Pilshaw is a sophomore who won a letter in his freshman year.

Even though Evans City backs ripped through the center of the Bessemer high line in their game last week, they'll have a tough time getting past Tom Vigne, another 170 pound junior, another letterman from last season.

With Rex Conti's leg being much better, Coach Dinsmore is confident that his team will defeat Evans City thus bringing them one step closer to the Tri-County and the WPIAL Class B goal.

Breadon Withholds Comment On Moore

ST. LOUIS, Sept. 24.—(INS)—Sam Breadon, president of the St. Louis Cardinals, declined to comment today on reports mentioning Outfielder Terry Moore as a possible successor to Bill McKee as pilot of the Cincinnati Reds.

"I have no comment to make," Breadon said when asked if he would grant Moore a release to take the Cincinnati post in event it is offered to him. "Terry is a valuable member of our club."

Moore, 34 years old, has been with the Cardinals since 1935.

JACK BIDDLE, 160-pounder, a returnee from the Navy, now a protégé of Paris Cangey, ex-lightweight, hopes to uphold the pugilistic dignity of New Castle when he battles Billy Grumbaker, a rugged, hard-socking southpaw in a six round bout, preliminary to the Cliff Beckett vs. Irish Mickie Doyle 10-round feature match at Idora Park, Youngstown, tonight. Paris reports Biddle is in good condition and ready for a tough fight. Years ago, Cangey astonished Youngstown when he flattened the good Johnny Kusie in a few rounds and when he fought Freddy Fitzgerald, also of Youngstown, in the Jolly Bowl, should have been awarded the fight because after Freddy had been floored he arose, then to escape a possible second knockdown, went down without being struck. Cangey has trained Biddle at the Columbus club, Seventh ward and a big crowd of members intend to witness the fight. . . . Ne-Ca-Hi will play Sharon at Sharon, Friday night. . . . Hillsville baseball club will banquet at Oakhurst, October 8 night, according to Al Marshall.

Report is current that Mickie Solomon may branch out as a tutor of boxing. He was one of the best middleweights here decades ago, and in one fight decisively beat McMann, now a Pittsburgh referee. . . . Some devotees of the runners who went to Warren, O., a week or more ago, were disappointed to learn the races were off, the promoter having left Warren. . . . Forty-fourth American Bowling Congress will be held in Los Angeles next spring. Marty Cassie, Rahway, N. J., has an average of 239.67 for 20 games rolled during the past 10 ABC tournaments. . . . Some of the best catchers in the country will meet in city hall, October 3. They are members of the FBI who will conduct a law enforcement conference. . . . While fishing at Hidden Pond, a bass which George Price hooked, flopped upward, striking him in the face. . . . Owen Fox reports having seen some nice bass in the Neshaunock creek, south of the East Washington street bridge. . . . Tommy Dugan, former local printer, now at Syracuse, will vacation here soon.

Should one see Bill Shuliff, a dance man of yesterday, execute a unique step as he moves hither and yon today, one need not be afraid because it is only a contraction of turtles, he having been one of the guests who had his epicurean taste fully appeased by Chef de cuisine Cowden Moore at the latter's cottage, out Nashua way several days ago. Among the dozen who enjoyed Cowden's esthetic culinary ability was the ex-mayor, Charlie Mayne, who reports that, when Cowden, an ex-marathoner prepare turtle soup he doesn't use the turtle taste away with too many vegetables and veal. . . . Several deer were seen at Harlansburg Saturday. . . . Jimmie Jackman has a parrot that likes fried eggs. . . . Harry Brinton, Shenango Valley Eagle club, will attend the craving of the 15-inch dogs Tuesday at the Sharpeville club's grounds at Mercer. . . . Black backs were being stocked in the Neshaunock creek at Volant today. The LCSA will liberate additional pheasants Saturday afternoon, according to Secretary Delbert Porter. . . . This is National Log Week.

Spaghetti dinner served by the sportsmen and sports-women at the Columbus club was a success. . . . Among the pedestrian parade, caught by a mental camera at North Mercer and Washington streets: Carl Gaston, ex-chief of Carnegie police and who was on duty for the city force the night Patsy Brannigan started to fight Bernie Hahn at 9 p. m. in the theater at Cascade Park and due to a storm the 10 rounds could not be finished until midnight. . . . Joe Wilkins, the billiard man, possibly the closest friend Willie Davies had when the classy flyweight boxed here. . . . Attorney Charlie Ross who was a baseball satellite at Grove City College. . . . Frank Sullivan, the razor and scissors man who possibly has applied more leeches to fighters' bruised phizzes than anyone hereabouts. . . . Ed Reiney, the bookkeeper, whose hobby is football. . . . Russel Baxter, local middleweight, who reports he lacked judgment of distance, hence his defeat by Henry Smith, Charleroi, recently at Pittsburgh.

Asks Dodger Fans To Start Praying
NEW YORK, Sept. 24.—(INS)—The people of Brooklyn were asked today to observe a minute of prayer at noon each day this week for the success of the Brooklyn Dodgers.

The appeal was made by the Rev. Benney J. C. Benson, chaplain of the Kings County American Legion posts and minister of Greenpoint Reformed church. He explained: "We have played for military victories and everything else, so why not pray for the Dodgers?"

There's pressure about to expand the National league from eight to ten teams, bringing in Los Angeles and San Francisco of the Pacific Coast league.

Four meets and the IC-4A and NCAA championships will mark Penn State's return to cross-country competition this fall. Graduate Manager Neil M. Fleming announced today.

Ligonier Griddier Fatally Injured
LATROBE, Pa., Sept. 24.—(INS)—Football injuries today had proven fatal to James Clark, 17, left half-back of the Ligonier high school football team who died in Latrobe hospital last night, the coroner's office reported.

Coroner Adam S. Kepple said Clark received a head injury which resulted in a cerebral hemorrhage during a practice scrimmage yesterday.

City Softball Championship At Stake At Cedar Street Field Tonight

FOREST BATTLING SONS OF ITALY

Weather permitting the city-industrial softball championship game will be played at the Cedar street field this evening at 5:30 o'clock with the Forest A.C. battling the Sons of Italy. Each team has a series game to its credit.

The winner tonight besides getting the swell trophy donated by Jack Gerson, will get a chance to play the Ellwood City championship softball team in the near future for the city-county softball title, it was announced.

With intense rivalry existing, the game if played tonight will no doubt attract several hundreds of fans to the home field of the Lawrence Indies. It was announced by Vice-President Anthony Conn today. Preparations have been made to handle the largest softball crowd in years in New Castle.

Jack Gerson has consented to be on hand tonight to present the trophy to the champions, whoever they may be, he informed Mr. Conn today.

George Cipida, Villanova half-back candidate, holds several track records.

Bears Will Play At Youngstown

Members of the Wabash Bears football team of the Seventh Ward are hard at work these days, getting ready for the 1946 opener at Youngstown, Ohio, Sunday, meeting the Sier Tailors at 3 o'clock.

Coach Blackie Adams asks that all members of the team be at the E. & A. field tonight at 5 o'clock for a rehearsal, and every evening this week William Domenick, president of the Bears, is busy booking a schedule of games for the club.

Elks Bowlers Start Tonight

With interest in bowling bigger than ever this year, the New Castle Elks were forced to split their leagues in half with 16 teams lined up. Eight teams will bowl on Tuesday evenings starting tonight, and eight teams will bowl on Thursdays, it was announced by Bowling Chairman Howard Smith.

The Elks will continue to use the Neshaunock Bowling alley, it was announced. The league starting tonight will meet at 9 o'clock with the Thursday league bowling at 7 o'clock.

123 Taking Part
There are about 123 men, all members of the Elks lodge, who are slated up to bowl this year. Smith announced. The teams are using the names of colleges with the following listed as captains for the league starting tonight: Ohio State, Arthur Carpenter; Michigan, John Kroen; Indiana, Joe Cunningham; Purdue, Howard Smith; Illinois, Tom Armstrong; Northwestern, Bob Brest; Minnesota, Ed Koone; Iowa, Bill Watkins.

Captains of the teams to bowl Thursday night are: Yale, Bill Mackie; Army, Bill Leber; Navy, Joe Hoyle; Notre Dame, Jack Dagnon; Princeton, Dick Morgan; Pitt, James Cypher; Harvard, Fran Morrisey; Dartmouth, Joe Davis.

Bill LaFleur, Penn State quarterback, owns what is reputed to be the best pair of tonsils in college football. His signal-barking can be heard anywhere in the stands.

Student Managers this year are: Robert Lockley, Glenn McGary, Bill Benson and Robert Sankey.

Bill Gerhart, Pittsburgh blocking back, is the oldest player on the Penn State football squad. He's 28 and married.

Patriots Will Go To Beaver Falls For Opening Game, Squad 47 Strong

Ben Franklin Junior High football team, 1945 champions, will open their 1946 season Thursday afternoon with the Beaver Falls Junior High at the Beaver Falls field. It was announced by Head Coach Austin Cowmeadow.

For the past three weeks the Franklin squad 47 strong with six letter winners among them have been working at the stadium each day getting into condition. The Franklin High griders have lost out two games in five years that Cowmeadow has been at the East Side school, a very enviable record and one the boys hope to better this year.

Have Fine Squad
Ralph Engelmer is assisting Cowmeadow this year in place of George Binder who resigned. Despite the loss of such stars as Jasper Williams, Jumbo Josephs, Tony Chisella, Joey Dado and others.

Following is a list of the young boys trying for positions on the Franklin varsity: Sam Keyes, "Muff" Sallee, "Fuzzy" Sabino, Ralph Morrell, Amen Hassen, and Tony Morici, the lettermen: Ralph Gagliardo, Charles Abramski, Tom Blackwell, John Pastrick, Robert King, Dave Wellman, Howard Haid, John Mezza, George Bashara, Sam Webber, Robert Cupido, George Snook, Melvin Swadner, Ed Cugeni, Walter Leckfor, Mike Banke, Robert Johnson, Chester Orlich, Merle Fortney, Guy Amodei, Mitchell Charles, James Cuscio, Reuben Fears, Frank Patterson, and John Roussos.

Student Managers this year are: Robert Lockley, Glenn McGary, Bill Benson and Robert Sankey.

Bill Gerhart, Pittsburgh blocking back, is the oldest player on the Penn State football squad. He's 28 and married.

The Chrysler Town and Country Six-passenger Convertible shown above is scoring a triumph among owners who seek the last word in distinctiveness in their motor cars. The body of this convertible is built of white ash with mahogany panels on plywood plates. The woods are left in their natural colors. Interiors are finished in combinations of rayon and leather or Bedford cord and leather that lend themselves to particularly artistic treatment. The car is built on a Chrysler "New Yorker" chassis and is powered by an eight-cylinder engine. Gyrol Fluid Drive and the Hydraulically-Operated transmission contribute to its fine performance. Generous size of the body members gives stability and freedom from squeaks and wearing.

Ohio State Has Powerful Eleven May Grab Title

Coach Paul Bixler Not Much Worried About Weight, And Clever Backfield

By LEO FISCHER
(International News Service Sports Writer)

COLUMBUS, O., Sept. 24.—The "noble experiment" in which last year's Ohio State football coach, Carroll Widdoes, switched places with Assistant Paul Bixler, may restore the Buckeyes to titular heights.

It may bring continued grief to the Columbus downtown quarterbacks, who demand a coach's scalp if he loses a single game.

This year's Ohio State aggregation is that kind of a squad.

Bixler Has Job

Perhaps more than any other coach in the conference, Bixler is placing his faith in men who scintillated on Ohio teams before going to war. At least half of the players who can be considered members of the No. 1 squad are veterans who played in 1944 or earlier.

And if championship attitude is any help, the Buckeyes will have a good start. No less than eight of the men considered as probable starters are veterans of Ohio State's 1942 and 1944 title teams.

They are Tommy James, Bob Brugge and Dick Palmer in the backfield; Cecil Souder and Traian Dendin at the ends, Bob Jabbusch and Hal Dean at the guards and Charles Csuri at one of the tackles.

Very Fine Ends

Souder and Dendin give the Bucks a fine pair of ends. Battling with the latter for the right flank job is Ernie Parks, transplanted halfback who played with the 1943 team.

Scarcity of tackles has resulted in the shift from guard to team captain and all-American Warren Amling. Sharing the position is Csuri, a Cleveland boy who was a regular in 1942 and has returned from the war with a wife and numerous decorations for heroism. He was captain-elect in 1943 when called into the army. Reserves in this spot are scarce—a weakness which may hurt Ohio chances.

One reason for Amling's shift from guard to two, to be exact, are Deana and Jabbusch, who were a mighty pair in '42. A sophomore named Tony Adamle, 205 pounds of ferocious beef, has won the starting pivot nomination.

Plenty Of Weight

Ohio's combination of the T-formation and single wing presents 215-pound Dick Palmer, holdover from '42, as about the best of the lot at quarterback.

James and Brugge hold down the halfback positions, and beefy Joe Whisler has clinched the fullback assignment and may be one of the Big Nine's best after he gets a few games under his belt.

Tough Schedule

One spectator has described this year's edition of the Buckeyes as: "An interesting team to watch—a dangerous team to play."

That's about it. The Buckeyes' destinies are in their own hands, with a schedule which includes Purdue, Minnesota, Michigan, Wisconsin, Northwestern and Illinois.

Only Indiana among the potential contenders isn't on the Buckeye slate—and if the Ohioans can get through their card uncashed there probably won't have to worry too much about what Bo McMillin's "pore lil' boys" are doing.

"Do you ever talk in your sleep?" she asked him.

"No," he answered, "but I often talk in other people's. I'm a Chautauqua lecturer."

Tough Season For Big Loop Manager

Believe McKechnie Headed For Pirates Job, Boudreau May Lose Post

NEW YORK, Sept. 24.—(INS)—The greatest turnover of major league managers in years continued today as the Cincinnati Reds sought a successor to the elderly Bill (Deacon) McKechnie.

He announced his resignation at Pittsburgh Sunday night and added that he was available to any club that might want him.

Reportedly he will land with the Pittsburgh Pirates, if Billy Herman, Boston Braves second baseman, doesn't get the job now held by Frankie Frisch.

McKechnie piloted the Reds nine years and won pennants in 1939 and 1940. His club lost the World series to the Yankees the first time they hit the top with him, then beat the Detroit Tigers the following season.

McKechnie's resignation followed those at other periods this season handed in by Joe McCarthy, then Bill Dickey of the New York Yankees; Jimmy Dykes, Chicago White Sox, and Luke Sewell, St. Louis Browns.

The Yankees remain plodders temporarily with Coach Johnny Neim in charge. Ted Lyons took over with the White Sox and Muddy Ruel left as Commissioner Happy Chandler's assistant, to succeed Sewell on a two-year contract beginning next season.

Boudreau May Go

Frisch is understood to be definitely on the "kids" at Pittsburgh and Lou Boudreau may not remain as manager of the Cleveland Indians, who changed hands this season.

Joe Cronin has discussed retiring as manager of the Boston Red Sox, but no date for his transfer into the front office has been set. Inasmuch as he has won the American league pennant, he may remain with the team for a season or two.

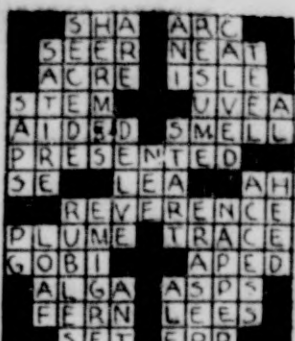

Joe McCarthy, the ex-Yank pilot, and Del Baker, Red Sox coach, have been mentioned as Cronin's likely successors, with McCarthy reportedly having the inside track.

In the midst of the firing and retiring, Steve O'Neill signed over the week-end to remain at the helm of the Detroit Tigers.

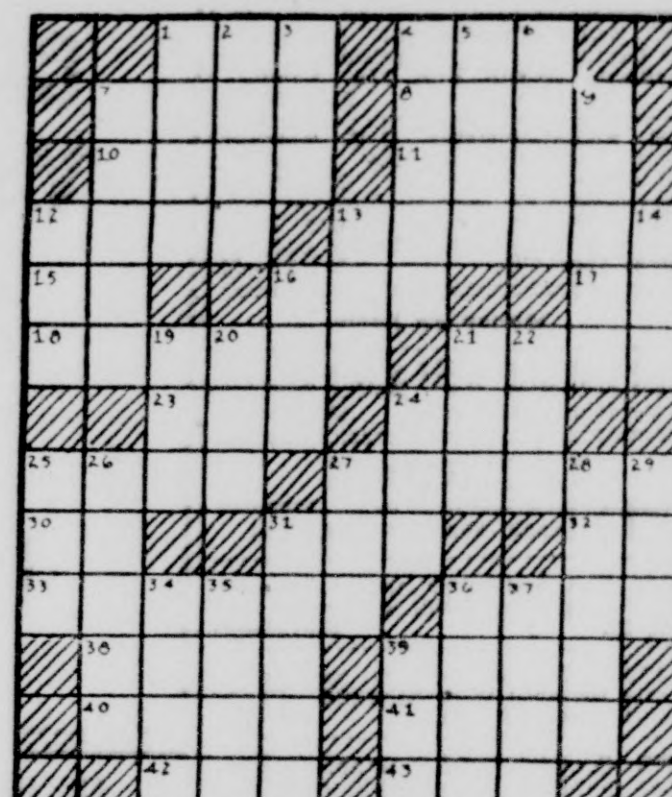

Penn State's John Lawther and Long Island University's Clair Bee teamed up together again this year at Ithaca college's summer basketball clinic. The two are clinic "regulars."

State Elevens Hitting Stride

Temple Meeting Southern Methodist Friday, Pitt Battle West Virginia Saturday

(International News Service)

The 1946 gridiron season will hit its stride this week-end in Pennsylvania starting Friday night when Temple meets Southern Methodist under the arts at Philadelphia.

It will be the first tilt of the season for both squads with Coach Ray Morrison's Owls a slight pre-game favorite.

Drexel was carded for a Friday night game with West Chester Teachers, with a 13-6 victory over Moravian under the belt, at West Chester. Moravian will take on Buffalo in the Lake City.

On Saturday, Villanova will travel to Annapolis to meet Navy. The Wildcats defeated Kings Point Academy a week ago but lost over the week-end to Army, 35-0.

Good Games Listed

Pitt, smothered 33-7 by Illinois will journey to Morgantown to meet West Virginia while Lehigh, fresh from a 7-0 win over Kings Point, will entertain Gettysburg at Allentown.

Other games were Pennsylvania Military Academy vs. Delaware at Newark, Del.; Bucknell vs. Cornell at Ithaca, N. Y.; Lafayette vs. Muhlenberg at Allentown; Susquehanna vs. City College of New York at New York; Waynesburg vs. Geneva at Beaver Falls and Scranton vs. Detroit at Detroit, Mich.

Magnates Grant Player Demands

NEW YORK, Sept. 24.—(INS)—High-salaried stars who had a relatively poor season in 1946 are in line to benefit by the new rule which limits the reduction of a player's salary to 25 per cent of the wage paid the previous year.

This is the new and surprising feature of baseball's magna charta, approved by major league magnates in conference with player representatives in New York. The club owners approved virtually all demands made by the players.

Decrease Or Else

Stars like Joe DiMaggio and Joe Gordon of the New York Yankees, Walker Cooper of the New York Giants and his brother Mort of the Boston Braves, cannot have their 1947 salary sliced more than 25 per cent even though they were away off form this season.

BLONDIE

THE MOSQUITOES ARE CHEWING ME TO PIECES—I'LL TRY A GARLIC SANDWICH TO CHASE THEM AWAY

JOE PALOOKA

I DON'T KNOW HOW SOON I CAN GET A PLANE TAKING ME TO SAN FRANCISCO. IT'S NERVE WRACKING. I WANT TO BE WITH YOU.

MUGGS AND SKEETER

OH, YOU PUT THAT PAPER DOWN THIS INSTANT. GET A BROOM AND SWEEP UP THESE ASHES YOU'VE DROPPED. PICK UP THOSE SMELLY PIPES! I DON'T PUT UP WITH THIS MESSY TABLE ANOTHER MINUTE!

BRICK BRADFORD—And the Witch Doctor of Wanchi

ARE YOU A BRAVE MAN, BOKA?

DICK TRACY

COME ON, DARLINGS, GET UP! IT'S BREAKFAST TIME AND CHRISTMAS EARLY TIME. THIS IS CHRISTMAS BRINGING YOU THE HOTTEST OF THE HOT RECORDINGS

THE GUMPS

WHAT? YOU'RE THE FIANCEE OF THAT YOUNG FELLOW?

LITTLE ORPHAN ANNIE

THOSE HOODLUMS HAD A TOMMY GUN—THEY NICKED GRAVADIN IN TH' ARM, BUT THEY MISSED HONEY AND ME

BRINGING UP FATHER

MOTHER—DID YOU READ THE DESCRIPTION OF MRS. WEDAGAN'S WEDDING GOWN—AND HOW VERY BEAUTIFUL ALL THE BRIDESMAIDS LOOKED IN WHITE?

BY GEORGE McMANUS

6:24-46

HE GETS THE MOSQUITOES' POINT

I KNOW I'M REEKNING BLUT, ANYWAY I GOT RID OF THE MOSQUITOES

RIGHT AWAY

SHE CALLED MAMA... SHE'S IN SAN FRANCISCO WAITING FOR A PLANE RESERVATION... TO BE TRUE

MUGGS AND SKEETER

SAY GRAMPA, REMEMBER WHEN YOU WERE TAKING ME TO DALLON DOWNTOWN THE OTHER DAY?

BRICK BRADFORD—And the Witch Doctor of Wanchi

AT THE CEREMONY WE WERE DENIED THE DEATH OF OUR CAPTIVES! THAT IS TRUE!

DICK TRACY

YES THE "C" SIGNATURE ON THIS FAN LETTER CORRESPONDS TO THE "C" ON THE CIGAR BAND—EXACTLY!

THE TOBACCO ROAD

YOUR ORANGE JUICE IS READY, GARGLES

THE GUMPS

THIS'LL NEED A LOT OF EXPLAINING, ANDY

LITTLE ORPHAN ANNIE

HE WAS ACROSS TH STREET—THEY SAW HIM LIMPIN ALONG AND TURNED TH TOMMY GUN ON HIM... AND DOWN HE WENT

BRINGING UP FATHER

WHY ALWAYS WHITE?

BY GEORGE McMANUS

BY CHIC YOUNG

I DIDN'T MEAN TO CHASE YOU OUT, DEAR

RIGHT AWAY

OH MY DEAR BOY... I'M SO HAPPY

MUGGS AND SKEETER

DIDN'T I HEAR YOU TELLING HIM THAT YOU SAW TH' MOSQUITOES AROUND THIS PLACE?

BRICK BRADFORD—And the Witch Doctor of Wanchi

WELL? I RUN THE LAWN MOWER THE WASHING MACHINE THE VACUUM CLEANER DON'T I?

DICK TRACY

PAT, TRACY TALKING, GET A LIST OF ALL THE CIGAR FACTORIES IN TOWN, YOU AND I ARE GOING HUNTING

THE TOBACCO ROAD

DON'T BOTHER ME NOW, CHRISTMAS EARLY MAY PLAY MY REQUESTS THIS MORNING, AND I WANT TO HEAR 'EM

THE GUMPS

SAW HIM A WEEK AGO THEN HE DISAPPEARED—AS IF THE EARTH SWALLOWED HIM—THEN, I READ THAT TERRIBLE STORY IN THE PAPERS...

LITTLE ORPHAN ANNIE

BUT HE WAS SHOOTIN—I BE! HE GOT THREE SLUGS AWAY AS HE FELL—AND EACH ONE TOOK OUT ONE HOODLUM—PERMANENT!

BRINGING UP FATHER

AND WHY DO TH' MEN WEAR BLACK?

Photostats Are County Problem

Commissioners Ponder Question Of Resumption Of Former Practice

OTHER NEWS OF COURT HOUSE

Whether or not the county should engage in a business that competes with private business was a question before the county commissioners Monday morning. The question concerns the photostating of military discharges for men and women who are applying for their terminal leave pay.

The county commissioners have been informed that some photographers have been doing the work and have been charging three dollars per copy for the photostats. One industrial concern has been making copies for a charge of 80 cents if both sides of the discharge were photostated.

When men and women first started coming back Register and Recorder Orville Potter suggested that the commissioners purchase a photostat machine and thus make the recording of the discharges a job requiring far less time than by hand recording. In addition, Mr. Potter made photostatic copies of the discharges for one dollar each.

When local photographers procured photostatic equipment Mr. Potter discontinued the practice of making copies for the reason that he believed it was not a good thing for the county government to compete with private industry.

The commissioners have reached no decision in the matter as yet and expect to make some investigation of the matter before any decision is made.

PIN-WORMS

LICKED AT LAST!

People don't talk about Pin-Worms—but more than you'd suspect have this ugly infection with its embarrassing rectal itch. However, it is no longer necessary to suffer. Today, thanks to a special, medically recognized drug, a real treatment has been established. This drug is the vital ingredient in P.W., the small, easy-to-take Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son. They act in a special way to remove Pin-Worms.

So watch out for warning signs that may mean Pin-Worms in your child or yourself. Don't delay. Ask your Druggist for JAYNE'S P.W. and follow the directions. It's easy to remember: P.W. for Pin-Worms!

OPEN 'SOCIETY HILL'

HONGKONG — (INS) — The very exclusive British peak on Victoria island will be thrown open to residence of all nationals, when the government rescinds the 28-year-old ordinance restricting tenure on "Society Hill". Invoked in May 1918, the act made it unlawful for any person to reside there without express consent of the governor.

The department spokesman said the note was receiving "active consideration" but declined to give details.

Elsewhere it was reported that Tito had agreed to pay damages for the loss of the five lives but not for the two transport planes or other property damaged.

This attitude was taken to mean that Tito was willing to pay about one half the assessment demanded by the United States.

The planes are estimated to have cost about \$99,000 each and the United States bill was believed to be close to \$400,000.

Kentucky contains the three largest burley tobacco warehouses in the United States.

Marshal Tito Sends Note On Demands By United States

WASHINGTON, Sept. 24 — (INS) — A state department spokesman revealed Monday that Marshal Tito has sent a note setting forth his attitude on the question of United States demands for reparations in connection with the shooting down of two American army transports over Yugoslavia with the loss of five lives.

The department spokesman said the note was receiving "active consideration" but declined to give details.

Elsewhere it was reported that Tito had agreed to pay damages for the loss of the five lives but not for the two transport planes or other property damaged.

This attitude was taken to mean that Tito was willing to pay about one half the assessment demanded by the United States.

The planes are estimated to have cost about \$99,000 each and the United States bill was believed to be close to \$400,000.

Kill 'Undertaker,' Is Morticians Request

CHICAGO, Sept. 24 — The nation's morticians appealed to the public today to discard the term "undertaker" in favor of more modern terminology.

"Most morticians dislike the term 'undertaker' and prefer 'mortician' or 'funeral director,'" a statement from the National Selected Morticians, Inc., said. "They also prefer funeral coach to 'hearse' and 'casket' to 'coffin'."

Mercer County Man Is Killed

SHARON, Pa., Sept. 24 — Mercer County man, Wilbur Hunter, 65, of Jamestown, was killed and three residents of Akron, Ohio, were injured in an automobile accident near Kinsman, Ohio, Monday.

According to a report by state police, Hunter's car collided with the Ohio car. Those injured were: Peter Havale, 27, and his wife Victoria, 18, and Thomas Poplas, 22. The injured were reported in fair condition at the local hospital.
